#### **E** Notes to the Condensed Financial Statements

#### 1 Corporate information

Wing Tai Holdings Limited (the "Company") is incorporated and domiciled in Singapore and is listed on the Singapore Exchange Securities Trading Limited. These condensed financial statements as at and for the half year ended 31 December 2021 comprise the Company and its subsidiary companies (collectively, the "Group"). The principal activity of the Company is that of an investment holding company. The principal activities of the Company's subsidiary companies are investment holding, property investment and development and retailing of garments.

#### 2 Basis of preparation

The condensed financial statements for the half year ended 31 December 2021 have been prepared in accordance with SFRS(I) 1-34 *Interim Financial Reporting* issued by the Accounting Standards Council Singapore. The condensed financial statements do not include all the information required for a complete set of financial statements. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group's and the Company's financial position and performance of the Group since the last annual financial statements for the financial year ended 30 June 2021.

The accounting policies adopted are consistent with those of the previous financial year which were prepared in accordance with SFRS(I)s, except for the adoption of new and amended standards as set out in Note 2.1.

The condensed financial statements are presented in Singapore dollar which is the Company's functional currency.

#### 2.1 New and amended standards adopted by the Group

The Group has adopted the new or amended SFRS(I)s and Interpretations of SFRS(I)s ("INT SFRS(I)s"), that are relevant to the Group for the annual period beginning on 1 July 2021 as follows:

 Amendments to SFRS(I) 9 Financial Instruments, SFRS(I) 1-39 Financial Instruments: Recognition and Measurement, SFRS(I) 7 Financial Instruments: Disclosures and SFRS(I) 16 Leases: Interest Rate Benchmark Reform - Phase 2

The adoption of the above amendments did not result in substantial changes to the Group's accounting policies and did not have any significant impact on the condensed financial statements of the Group.

#### 2.2 Use of judgements and estimates

The preparation of condensed financial statements in conformity with SFRS(I)s requires management to exercise its judgement in the process of applying the Group's accounting policies. It also requires the use of certain critical accounting estimates and assumptions. Although these estimates are based on management's best knowledge of current events and actions, actual results may ultimately differ from those estimates.

The significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial statements as at and for the financial year ended 30 June 2021.

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities within the next financial period are included in Note 11.1.

## 3 Seasonal operations

The Group's businesses are affected by the economic outlook, financial market volatilities and changing property market conditions in the jurisdictions that the Group operates in.

## 4 Segment and revenue information

The Group is organised into the following main business segments - development properties, investment properties, retail and other operations comprising mainly investing, central management and administrative activities.

These operating segments are reported in a manner consistent with the internal reporting provided to management, who are responsible for allocating resources and assessing the performance of the operating segments.

#### 11.1 Valuation

The Group engages external, independent and qualified valuers to determine the fair value of the Group's investment properties based on the properties' highest and best use using the Direct Comparison Approach, the Capitalisation Approach and/or the Discounted Cash Flow Approach.

The Direct Comparison Approach involves the analysis of comparable sales of similar properties and adjusting the sale prices to that reflective of the properties. The Capitalisation Approach capitalises an income stream into a present value using revenue multipliers or single-year capitalisation rates. The Discounted Cash Flow Approach involves discounting of future income stream over a period to arrive at a present value.

As at 31 December 2021, the valuation reports obtained from independent property valuers for certain significant investment properties have highlighted that, with the heightened uncertainty of the COVID-19 outbreak, a degree of caution should be attached to the valuations as they may be subjected to more fluctuation than during normal market conditions. This represents a significant estimation uncertainty in relation to the valuation of investment properties. Management is of the view that the valuation methods and estimates are reflective of the current market conditions and the fair value of the Group's investment properties has not materially changed from 30 June 2021 valuation.
