25 Financial Reports

Designed by Jean Nouvel, the Le Nouvel Ardmore is infused with abundant greenery and energy, stemming from the interplay of natural elements with architectural brilliance.

Overview

Singapore's economic growth slowed to 2.0% in 2015, the weakest growth rate since the global financial crisis of 2008. In the second quarter of 2016, the Singapore economy grew at 2.2% on a year-on-year basis. Within a tight regulatory framework of property cooling measures firmly in place, the property market has remained subdued. The Ministry of Trade and Industry has narrowed Singapore's GDP growth forecast to 1.0% - 2.0%. Given a volatile environment, global economic outlook has further weakened with limited improvement in 2016.

The private residential property index decreased by 0.4% in the second quarter of 2016, following a 0.7% decline in the previous quarter. The total number of new residential units sold in Singapore in the first half of 2016 was 3,675 units, compared to 3,427 units sold in the first half of 2015.

Group Performance

For the financial year ended 30 June 2016, the Group recorded a total revenue of \$\$544.5 million. This represents a 20% decrease from the \$\$676.7 million revenue recorded in the previous year. Revenue for the current year was mainly attributable to the progressive sales recognised from The Tembusu and the additional units sold in Le Nouvel Ardmore in Singapore, The Lakeview in China, as well as the contribution from Phase 2 of Jesselton Hills in Penang.

The Group's operating profit decreased by 73% from S\$103.3 million to S\$27.5 million in the current year.

The Group's share of profits of associated and joint venture companies decreased by 50% to \$\$59.4 million in the current year from \$\$119.3 million in the previous year, largely due to the lower fair value gains on investment properties of Wing Tai Properties Limited in Hong Kong.

The Group's net profit attributable to shareholders for the current year was \$\$7.1 million, a decrease of 95% over the net profit of \$\$150.3 million recorded in the previous year.

The Group's net asset value per share as at 30 June 2016 was \$\$4.04 as compared to \$\$4.07 as at 30 June 2015. The Group's net gearing ratio increased to 0.21 times as at 30 June 2016 from 0.10 times as at 30 June 2015.

The Board recommended a first and final dividend of 3 cents per share and a special dividend of 3 cents per share for the current year.

A Value Approach

Notwithstanding a depressed business environment, the Group seeks actively to strengthen its property investments through a diversified portfolio in major asset classes. It has also invested development resources in China and Malaysia, to seize opportunities in these growth markets.

It has also set up a new fund management unit, an adjacency property business to open up profit generating avenues and investment opportunities for the Group in the Asia Pacific region.

Concurrently, the Group stays focused in creating value, by delivering business excellence in its core businesses.

The Group has several landmark projects in the pipeline, including the Le Nouvel KLCC, a high-end residential development in Kuala Lumpur by Jean Nouvel, as well as a mixed development which he has also designed for a prime Shanghai site. In Singapore, The Crest designed by Toyo Ito offers unsurpassed attractiveness for homebuyers. By these successful recurrent collaborations with internationally reputed architects, the Group is recognised by its quest for uncompromised quality and value.

It has also streamlined its retail business to drive performance of its brands and retail operations. The sale of its food and beverage business Yoshinoya was its latest consolidation activity.

At the same time, the Group has capitalised on Singapore's position as an attractive retail gateway into the region to launch Uniqlo's global flagship store for Southeast Asia earlier this month. The Group will continue to gain competitive advantage and maintain its lead in the retail sector, through customer-centric programmes and extending to digital platforms to more actively engage its customers.

The Group also recognises the importance of investing in its staff members. It has committed resources towards corporate development and skills training, to develop a performance driven culture. It will continue to emphasise strong teamwork, discipline and good corporate governance to strengthen its business operations.

Wing Tai Malaysia Berhad's Golden Jubilee

This July, we celebrated Wing Tai Malaysia Berhad's 50th founding anniversary, a significant milestone on our subsidiary company's growth journey. From modest operations out of a rubber smoking factory in Penang in 1966, the company grew and made the leap from garment manufacturing to property investment and development, hospitality management and retail.

Today, with total assets exceeding RM 1.9 billion, the company whose stock has been traded in KLSE since 1979 has a remarkably strong financial standing. Our persistent quest for value creation will keep us growing.

Board Movement

I welcomed Tan Sri Dato' Paduka Dr Mazlan bin Ahmad to the Board on 6 January 2016 The Group stays focused in creating value, by delivering business excellence in its core businesses.

as an independent Non-Executive Director. Concurrently Chairman of Wing Tai Malaysia Berhad appointed since 18 November 2014, he chairs the subsidiary company's Nomination Committee and Restricted Share Plan Committee, and is a member of its Audit Committee

Appreciation

On behalf of the Board, I thank our diligent and dedicated staff, for striving to be their tenacious best and always committing to excellence. As regards the management team, I am encouraged by their courage and conviction to strengthen and grow the business despite the complex and volatile environments we face.

I also thank our shareholders, customers, tenants, bankers and business associates for their unwavering support and belief in the Group, that we may continue to build on our winning partnerships through the years.

To our directors, I thank them for their astute leadership in steering the business confidently ahead. Their wisdom and insights are invaluable to the Group's success.

CHENG WAI KEUNG

Chairman 15 September 2016

Cheng Wai Keung

Cheng Wai Keung is the Chairman of Wing Tai Holdings Limited (the "Company"), appointed to the Board since 17 April 1973. Sky links on the 6th and 12th storeys at The Tembusu form a park network extension of the units, connecting all five blocks of the development.

SINGAPORE

In the year under review, the Group's residential properties continued to generate fair sales under challenging market conditions. As at 30 June 2016, The Tembusu, a 337-unit freehold development comprising five 18-storey towers and one commercial unit at Tampines Road, was almost fully sold. The project was designed by Arc Studio Architecture + Urbanism and received its Temporary Occupation Permit (TOP) in August 2016.

Le Nouvel Ardmore, a 43-unit freehold development at Ardmore Park designed by Pritzker Prize laureate Jean Nouvel, had seven units including the penthouse sold as at 30 June 2016. Marketing and sales activities are on-going.

By successful recurrent collaborations with internationally reputed architects, the Group is recognised by its quest for uncompromised quality and value.

The Crest, a 99-year leasehold development in the Tanglin enclave of Prince Charles Crescent, comprises 469 units – three 23-storey towers and four 5-storey island villas. Designed by Pritzker Prize winner Toyo Ito, it was close to 30% sold as at 30 June 2016. TOP for this development is expected to be obtained in the first quarter of 2017.

In hospitality management, the Group's investment properties Winsland House I and Winsland House II achieved average occupancy of over 90%.

The Group set up a wholly-owned fund management subsidiary WT Fund Management Pte. Ltd. in February 2016. This unit is led by a managing director to look into investments in Asia Pacific through core and core-plus, value-add strategies, as well as other investment options. The Group will expand its investment portfolio across all asset classes with geographical diversification through this subsidiary.

The Crest at Prince Charles Crescent takes a majestic towering form of a glorious growing tree and blossom petals, symbolising life and celebrating life's many peaks.

MALAYSIA

The Group's property business activities in Malaysia are conducted through its subsidiary company, Wing Tai Malaysia Berhad.

In Kuala Lumpur, the dual-tower Le Nouvel KLCC, designed by Pritzker Prize winner Jean Nouvel, is a 195-unit freehold development at Jalan Ampang. Certification of Compliance was achieved in May 2016 and the project was previewed in the second quarter of 2016.

Verticas Residensi, a 423-unit freehold development comprising three 43-storey towers and one 9-storey tower at Bukit Ceylon, was over 95% sold as at 30 June 2016. Nobleton Crest, a 25-unit freehold development with three blocks of 5-storey residential units at the prestigious Jalan U-Thant, was nearly a quarter sold.

In Penang, Phase 4 of Taman Bukit Minyak Utama, comprising 98 units of 2-storey terrace houses and 3-storey semi-detached houses, was fully completed and about 50% sold as at 30 June 2016. Phase 5, which will comprise 97 units of 2-storey terrace houses and 2-storey semi-detached houses, will be launched upon receipt of approval from the housing ministry.

Phase 1 of Jesselton Hills comprising 2- and 2½-storey semi-detached houses, was nearly fully sold; Phase 2 comprising 2-storey terrace houses was over 80% sold.

Impiana Commercial Hub, comprising 2- and 3-storey shop offices along Jalan Rozhan namely Impiana Boulevard, Impiana Avenue and Impiana Gallery,

was completed and over 80% sold as at 30 June 2016.

Mahkota Impian comprises three high-rise blocks of 360 units located within a mixed development of over 7-acres. The project was over 40% sold as at 30 June 2016. Main building works were about 60% completed.

The Le Nouvel KLCC features 195 well-appointed luxury residences in a pair of 49- and 43-storey towers.

The Group seeks actively to strengthen its property investments through a diversified portfolio in major asset classes.

Located in Luodian New Town of Baoshan district, Malaren Gardens is a low-density residential estate comprising 301 units of terrace houses, duplexes and apartments.

CHINA

The Group's property business activities in China are conducted through its subsidiary companies, Wing Tai China Pte Ltd and Jiaxin (Suzhou) Property Development Co., Ltd.

In Suzhou, Phase 3 of The Lakeview comprising 190 units in two residential towers was fully sold as at 30 June 2016.

In Shanghai, construction of Malaren Gardens, a low-density residential estate located in Luodian New Town of Baoshan District, commenced in the third quarter of 2015. The development comprises 301 units of terrace houses, duplexes and apartments. A sales launch is planned for the second half of 2016.

The office and commercial site, within the Huai Hai Middle Road business circle at Huangpu District in Shanghai, will be developed into an urban upscale retail and office development with over 473,000 square feet of construction floor area. It is scheduled to open for operations by end of 2018 and construction is expected to commence in the third quarter of 2016.

HONG KONG

The Group's property interests in Hong Kong are represented by investment in its associated company, Wing Tai Properties Limited.

As at 30 June 2016, The Warren and The Pierre were between 90% to 95% sold; Providence Bay, Providence Peak and The Graces were over 85%, about 95% and almost fully sold, respectively.

Homantin Hillside is a residential project in Hung Hom, in close proximity to the upcoming Ho Man Tin MTR Station.

The development comprises 173 units with gross saleable area of 128,000 square feet. As at 30 June 2016, close to 55% of the residential units were pre-sold.

At Kau To, Shatin, two low-density high-end residential sites have commenced works and projects are scheduled for completion in 2017.

The prime harbourfront residential site in Shau Kei Wan and a low-density residential site at Siu Sau, Tuen Mun, are scheduled for completion in 2018 and 2019, respectively.

In 2016, the Group acquired two residential sites located on So Kwun Wat Road and Castle Peak Road – Tai Lam, both in Tuen Mun. The developments are scheduled for completion in 2021 and 2022, respectively.

The commercial investment properties viz. Landmark East in Kowloon East and W Square in Wan Chai, continued to achieve average occupancy of over 95%.

Homantin Hillside is a residential project in Hung Hom, comprising 173 units with gross saleable area of 128,000 square feet.

HOSPITALITY

The Group's hospitality business under the Lanson Place management continues to grow steadily in terms of rental rates and occupancy.

Lanson Place Winsland Serviced Residences in Singapore achieved an average occupancy of over 85%. Ambassador Row Hotel Suites and Lanson Place Bukit Ceylon Serviced Residences in Malaysia achieved an average occupancy of 80%. Aroma Garden Serviced Suites by Lanson Place in Shanghai and Lanson Place Hotel Hong Kong maintained good occupancy.

In Shanghai, Parkside Serviced Suites comprises 182 units, is fully furnished and was opened in June 2016.

Lanson Place signed a 10-year management contract for One Sunland Serviced Suites in Waigaoqiao Free Trade Zone, Pudong, Shanghai in July 2015. The development has 196 studios and 1- to 3-bedroom apartments and is targeted to open around the third quarter of 2016. Another 10-year management contract was signed in March 2016 to manage the 213 serviced apartments at Two MacDonnell Road in Mid-Levels, Hong Kong.

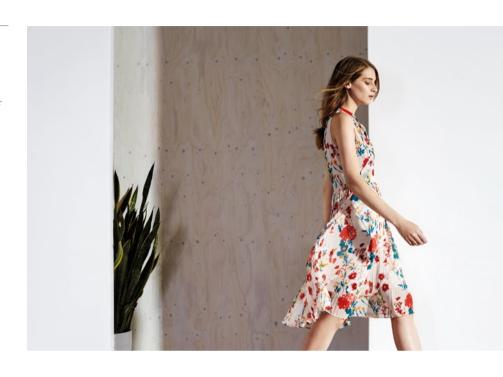

Lanson Place's interest in Lanson Place Jinlin Tiandi Serviced Residences, Shanghai was disposed of in October 2015, with the property remaining under its management.

Lanson Place Hotel Hong Kong was awarded "Asia's Leading Boutique Hotel 2015" and "Hong Kong's Leading Boutique Hotel 2015" at the World Travel Awards. It also won "Outstanding Customer Service Award" at the Small Luxury Hotels of the World 2015 Hotel Awards. Aroma Garden Serviced Suites by Lanson Place clinched "Best New Serviced Residence in China" at Business Traveller China Awards.

Lanson Place currently operates a total of 11 management contracts across Singapore, Malaysia, China and Hong Kong.

Parkside Serviced Suites offers 182 oneand two-bedroom suites, with modern interiors and a relaxed ambience that exude understated elegance and comfort Karen Millen is known for its exceptional quality, craftsmanship and cutting edge design, creating modern effortless fashion for today's intelligent, urban woman.

The Group will continue to gain competitive advantage... through customer-centric programmes and extending to digital platforms to more actively engage its customers.

RETAIL

The Group's Retail division consolidated its business to drive operational performance. As at 30 June 2016, with the sale of its food and beverage business Yoshinoya, the Group had 229 stores, with a portfolio of 12 brands each, in Singapore and Malaysia. It maintained a slight growth in overall retail footage spanning over one million square feet.

Japanese brand Uniqlo continued to expand to 25 and 35 stores in Singapore and Malaysia, respectively. Its first global flagship store in Singapore and the Southeast Asia region, was scheduled to open in the third quarter of 2016.

With the shift in consumer spending patterns, the Retail division has adopted a multichannel approach with a strong focus on social, content and customer-centricity, to leverage on technology, improving processes and systems, to deliver a seamless customer cross-channel journey and to engage more customers.

In November 2015, its loyalty program wt+ launched a mobile application which provides customers with quick accessibility to information on stock availability, product launches, events and promotions.

Partnership with Zalora, an Asian online fashion retailer, has been successfully expanded to cover eight retail brands in seven countries viz. Singapore, Malaysia, Hong Kong, Taiwan, Thailand, Philippines and Vietnam

CORPORATE SOCIAL RESPONSIBILITY

WING TAI FOUNDATION

The Group fulfils its corporate social responsibility (CSR) through the Wing Tai Foundation which offers financial aid and donations to the needy elderly and needy young in the community. By doing this, it hopes to recognise the contributions of the elderly made to Singapore's progress and nation-building, and to nurture the younger generation.

In the year under review, the Group collaborated with Boys' Brigade in their annual Share-A-Gift project – a community programme which collects and distributes basic food and daily necessities to the less fortunate young and old. The Group collected close to 3,000 items for donation. In addition, the Group organised its Staff CSR programme at Willing Hearts soup kitchen, a wholly volunteer non-profit organisation, for the second consecutive year. Over 50 staff volunteers helped to prepare, pack and deliver meals to more than 5,000 beneficiaries.

The Wing Tai Foundation also contributes towards educational development through the Chinese Development Assistance Council, and provides funding to the needy elderly at the Kidney Dialysis Foundation as well as beneficiaries of the Community Chest.

CORPORATE GOVERNANCE REPORT

CORPORATE
GOVERNANCE _____

The Company recognises the importance of good corporate governance, which is essential to ensuring the sustainability of the Company's businesses, enhancing its corporate performance, and safeguarding shareholders' interests and maximising long-term shareholder value. Hence, in our continuous commitment towards values underpinning good corporate governance, transparency and accountability, the Company has adopted a well-defined set of internal policies, structures and processes which is in line with the principles and guidelines of the Code of Corporate Governance 2012 (the "Code") and are set out in this report.

BOARD MATTERS

The board of directors (the "Board" or "Directors") is responsible for the overall management of the Company, and the Directors objectively make decisions in the best interests of the Company. The Board continues to set the Company's values and standards to ensure obligations to our shareholders and all other stakeholders are fully understood, properly carried out and met. The principal functions of the Board include approving strategic

business plans and major acquisitions

or disposal of valuable assets, evaluating

The Board's Conduct of its Affairs

Management performance, reviewing the corporate policies and financial performance of the Company and its subsidiaries (the "Group"), approving quarterly and annual financial results of the Group, and establishing a comprehensive framework of prudent and effective controls to assess and manage risk.

The Board conducts regular meetings on a quarterly basis and as necessary when circumstances arise. A total of four Board meetings were held in the financial year ended 30 June 2016 ("FY2016"). Details of the Directors' attendance at the Board and Board Committee meetings for the year are set out in the table below.

The Constitution of the Company ("Constitution") allows the Directors to participate in Board and Board Committee meetings by way of telephone or video conference or other similar means of communication equipment whereby all persons participating in the meeting are able to hear each other, without requiring their physical presence at the meeting. The Company has set up telephone and video conference facilities to enable alternative means of participation in the

Board and Board Committee meetings.

Matters which require the Board's approval include, *inter alia*, those involving material acquisitions and disposal of assets, distribution of dividends and other returns to shareholders, fund raising exercises, corporate and financial restructuring, and interested person transactions of a material nature. A Director's contribution may extend beyond the confines of formal Board meetings, through the sharing of views, advice, experience, and strategic networking relationships which would further the interests of the Company.

The Board is also responsible for the overall strategy and direction of the Group and is regularly updated on the latest amendments to the law as well as changes to regulations and accounting standards. Where regulatory changes have an important bearing on the Company's or Directors' disclosure obligations, Directors are duly briefed during Board meetings. Newly appointed Directors are given orientation briefings by the Management on their roles and functions as a director and how to discharge their duties in the course and conduct of the Group's business, directions and policies. They are also encouraged to regularly attend courses organised by the Singapore Institute of Directors ("SID") as well as other relevant organisations. For first-time directors, the Company provides training in areas such as accounting, legal or such other industry-specific knowledge where appropriate. It is important that every Director receives from time to time further relevant training, particularly on the enactment of relevant new laws and regulations as well as on new and evolving or emerging commercial risks. The Company Secretaries readily keep the Directors informed as and when there are appropriate courses, conferences and seminars such as those conducted by the SID.

Tan Sri Dato' Dr Mazlan bin Ahmad#	1			
Tan Hwee Bin	4			

[#] Appointed on 6 January 2016

The Directors are encouraged to attend such training at the Company's expense. During FY2016, the Directors attended a number of courses and seminars, namely, the SID courses on "Launch of Nominating Committee Guide". "Launch of Remuneration Committee Guide", "Launch of the Board Risk Committee Guide & Asian Corporate Governance Scorecard". the ACRA-SGX-SID Audit Committee Seminar on "Raising the bar for financial reporting and audit", a training session conducted by Lee & Lee on "Companies (Amendment) Act", and a PricewaterhouseCoopers LLP event on "Today's financial reporting, a question of judgement and complexity". Upon appointment of each Director, the Company will provide a formal letter to the Director, setting out clearly the Directors' duties and obligations.

Board Composition and Balance

The Board currently comprises a majority of non-executive Directors, with more than one-half of the Board being made up of independent Directors. The Nominating Committee ("NC") reviews the independence of each Director annually based on the definition of "independence" as prescribed in the Code to ensure that there is a strong element of independence and autonomy on the Board. Pursuant to the Code, an "independent" director is one who has no relationship with the company, its related corporations, its 10% shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the Director's independent business judgement with a view to the best interests of the Company.

When considering the independence of the Directors, the NC also reviews the annual declaration by the independent non-executive Directors regarding their independence and the Directors' disclosures of interests in transactions. There are currently ten members on the Board, three of

whom are executive Directors and six of whom are independent nonexecutive Directors. Although four of the independent Directors have served on the Board for more than nine years, the Board has, with the NC's recommendation, reviewed their appointments and considers each of them to be independent, having satisfied itself on the more important inquiry as to whether each of the Directors has truly demonstrated integrity, independent judgment, objectivity in the discharge of his or her duties, and, professionalism, rather than simply imposing a maximum number of years that he or she should serve on the Board, which can be arbitrary. In this regard, the Board is fully satisfied as to the performance and continued independent judgment of each of these Directors. Further, the Board does not consider it to be in the best interests of the Company or shareholders to require all the Directors who have served on the Board for more than nine years to retire at the same time, but rather, strongly favours preserving continuity and stability within the Company through orderly succession.

During FY2016, Tan Sri Dato' Dr Mazlan bin Ahmad was appointed as an independent and non-executive Director.

Given the present scope and nature of the Company's operations, the Board considers its current size and profile of its members, whose core competencies, qualifications, skills and experience are diverse, extensive and complementary, to be appropriate. The Board will examine its size and composition whenever circumstances require. No individual or smaller group of individuals dominates the Board's decision-making process.

Chairman and Managing Director The Chairman of the Board is also the Managing Director ("MD") of the Group and has overall responsibility for the management and operation of the Group. Mr Cheng Wai Keung's primary role as Chairman of the Board is to assist the Board in developing sound policies and strategies for the Company and ensuring that they are implemented effectively. Mr Cheng also provides leadership to the Board and ensures that Board meetings are held whenever necessary and that Board members are provided with complete, adequate and timely information. As the MD, he makes key decisions on the management and operations of the Group and is responsible for the conduct of the business and affairs of the Group, supported by the respective Heads of Departments. The sustained growth of the Company under Mr Cheng's leadership clearly demonstrates his ability to discharge the responsibilities of both his roles as Chairman and MD effectively.

In order to address the issue of independence given that the Chairman and MD are the same person, the Board has formally appointed Mr Paul Hon To Tong as Lead Independent Director to serve as a sounding board for the Chairman and also as an intermediary between the nonexecutive Directors and the Chairman. In addition, Mr Tong is available to the shareholders whenever they have any concerns which cannot be resolved or which may not be appropriate to be raised through normal contact channels of the executive Directors or the chief financial officer (the "CFO").

BOARD COMMITTEES

To assist the Board in the execution of its responsibilities, the Board delegates specific functions to the various Board committees, namely, the Audit & Risk Committee ("ARC"), the NC and the Remuneration Committee ("RC"). Each of these Board committees has its own terms of reference and reports its activities regularly to the Board.

Nominating Committee

Board Membership

The NC comprises four members,

namely, Mr Lee Kim Wah – Chairman of the NC, Mr Christopher Lau Loke Sam, Mr Paul Tong (all of whom are independent non-executive Directors; Mr Paul Tong is the Lead Independent Director) and Mr Cheng Wai Keung.

The NC has adopted its own specific written terms of reference. The principal functions of the NC are to make recommendations to the Board for the appointment and re-appointment of Directors to the Board and to review the independence of each Director annually and as and when circumstances require. The NC will make recommendations relating to the review of board succession plans for Directors (in particular, for the Chairman and the MD) and the composition of the Board, from time to time, and to search for and identify suitable candidates with the right qualifications, expertise and experience to be appointed as Directors. Each candidate will be evaluated based on his ability to enhance the Board's capabilities through his contributions in his area of expertise and to improve the Group's business strategies, controls or corporate governance.

All Directors are required to submit themselves for re-nomination and re-election once every three years. At least one-third of the Directors retire at each Annual General Meeting ("AGM") subject to re-election annually. Since 2014, local Directors who reach the age of 80 years old and overseas Directors who reach the age of 75 years old will automatically retire from the Board.

Key information on the Directors are set out on pages 4 to 6 of this Annual Report.

Multiple Board Representation

When a Director serves on multiple boards of different companies, that Director is to ensure that sufficient time and efforts are allocated to the affairs of each company with assistance from the Management, which provides relevant and complete information on a regular basis for the effective discharge of his/her duties.

To address the competing time commitments that a Director may face in holding multiple board appointments, the internal guideline recommended by the NC provides that the maximum number of listed company board representations which any Director may hold at any one point in time is five.

Board Performance

The NC's assessment of the effectiveness and performance of the Board as a whole and its Board committees is conducted on an annual basis (by circulating board evaluation forms amongst the Directors) taking into account the level of participation and contribution of the individual Directors towards the Board's effectiveness and competencies, as well as the strategic insight, financial literacy, business judgment, integrity and relevant industry knowledge rendered for the benefit of the Group. The aim of the evaluation is to assess whether each Director is able and continues to contribute effectively and demonstrate commitment to his/ her role. Individual evaluation of each Director by way of self-assessment is also conducted on an annual basis.

Access to Information

Prior to each meeting and when the need arises, the Board is furnished with complete and adequate information in a timely manner to enable full deliberation of the issues to be considered.

To ensure that the Board is able to fulfill its responsibilities, the Management readily provides the Board with board papers and related materials, background or explanatory information relating to matters to be brought before the Board, and copies of disclosure documents, periodic management reports, forecasts, budgets, financial statements and other relevant information of the Group.

The Board has separate and independent access to the Management and the

Company Secretaries at all times. Directors are entitled to request from and are provided by the Management, in a timely manner, with such additional information as may be needed to make informed decisions. The Board also seeks independent professional advice at the Company's expense as and when necessary to enable the Directors (whether individually or as a group) to discharge their responsibilities effectively.

The Company Secretaries attend all Board meetings and ensures that Board procedures are strictly adhered. The Company Secretaries, together with the Management, also ensure that the Company complies with all applicable statutory and regulatory rules.

REMUNERATION MATTERS

Remuneration Committee
The RC comprises three members, all of whom, including the Chairman, are independent non-executive Directors.
The RC members are Mr Loh Soo Eng - Chairman of the RC, Mr Boey Tak Hap and Mr Lee Kim Wah.

The RC reviews and recommends to the Board a general framework of remuneration and the specific remuneration packages for each Director as well as for the key management personnel of the Group. As and when required, the RC obtains independent and professional advice on remuneration matters (including but not limited to Director's fees, salaries, allowances, bonuses, options, sharebased incentives and awards, and benefits-in-kind) from human resource advisers and an external management consultancy firm specializing in people-pay-performance management strategies, Carrots Consulting Pte Ltd ("Carrots"). Other than its professional engagement, Carrots has no affiliation or relationship with the Company that will affect the independence and objectivity of Carrots. The RC reviews the structure of the remuneration packages for the Directors and key management personnel respectively to

ensure that they are competitive and sufficient to attract, retain and motivate key executives. No Director is involved in deciding his or her own remuneration.

The RC reviews the Company's obligations arising in the event of termination of the executive Directors' and key management personnel's contracts of service, to ensure that such contracts of service contain fair and reasonable terms of termination which are not overly generous, onerous or adverse to the Company.

Remuneration

The Company's remuneration framework for executive Directors and key management personnel comprises a fixed component (in the form of a base salary, annual wage supplement, fixed allowances, where applicable, together with other benefits-in-kind in accordance with the Company's human resource policies), a variable component in the form of variable bonuses, as well as a share-based component. The remuneration packages take into account the individual's performance, the Group's overall performance, as well as acceptable market practices and employment conditions within the industry. Carrots undertakes a

benchmarking exercise on the remuneration packages of the executive Directors and key management personnel of the Group on an annual basis.

Non-executive Directors are paid a fixed fee. Directors who participate in Board committees receive higher fees for the additional responsibilities they take on. All Directors' fees are approved by shareholders at the AGM of the Company before they are paid.

The Company uses the Wing Tai Performance Share Plan ("Wing Tai PSP") and the Wing Tai Restricted Share Plan ("Wing Tai RSP") to incentivise both employees and Directors to promote the long-term success of the Company. The performance conditions which the Wing Tai PSP seeks to promote are stretched targets aimed at sustaining longer-term growth, and they are set over a three-year performance period. On the other hand, the performance conditions prescribed under the Wing Tai RSP are shorter term targets aimed at encouraging continued service, and the shares have a vesting schedule of three years. Other than the Wing Tai RSP and Wing Tai PSP ("Shares") granted to the Executive Director, Ms Tan Hwee Bin, no Shares nor share options were granted to the other Directors during the financial year.

The RC has the discretion not to award variable incentive in any year if an executive Director or a key management personnel is involved in exceptional circumstances of misstatement of financial results or of misconduct resulting in financial loss to the Company.

Directors' and key management personnel's remuneration packages are a competitive advantage of the Group. Given the sensitivity and confidentiality of such information, the Company has chosen to make disclosure in relation thereto in bands of \$250,000 (except for key management where there is no upper limit for the top band) with a breakdown in percentage terms of base salary, bonus, share awards and other benefits. The Company is of the view that such disclosures would provide adequate information on the remuneration policies and practice for Directors and key management personnel.

There are no termination, retirement and post-employment benefits granted to the Directors and key management personnel.

The breakdown (in percentage terms) of the Directors' remuneration for FY2016 is as follows:-

				Other	S	hares granted
Remuneration	Fees	Salary	Bonus	benefits	Total	during
Bands	(%)	(%)	(%)	(%)	(%)	the year
\$2,250,001 to \$2,500,000

- ^ Includes the fair value of restricted shares and performance shares (where applicable)

The breakdown of the remuneration of the top five key management personnel (Ms Helen Chow is the spouse of the MD) in bands of \$250,000 for FY2016 is set out in the table above. The total remuneration paid to the top 5 key management personnel for FY2016 amounted to \$4.1 million.

Mrs Kit Cheng, who is the spouse of the Deputy Chairman, Mr Edmund Cheng Wai Wing, received remuneration that is between \$250,000 and \$300,000 during FY2016.

ACCOUNTABILITY AND AUDIT Accountability

In presenting the annual financial statements and announcements of financial results to the shareholders, it is the aim of the Board to provide shareholders with a balanced and comprehensible assessment of the Company's performance, financial position and prospects on a quarterly basis, as well as other price-sensitive public reports, and reports to regulators, where required.

The Management furnishes the Board with periodic management reports which present a fair and accurate appraisal of the Company and its businesses, and all other information that will enable the Board to make a balanced and well-informed assessment of the Company's performance, position and prospects.

Audit & Risk Committee
The ARC comprises four members,
all of whom are independent nonexecutive Directors. The ARC members
are Mr Christopher Lau Loke Sam Chairman of the ARC, Mr Boey Tak Hap,
Mr Paul Tong and Mr Loh Soo Eng.

The Board considers the members of the ARC appropriately qualified to discharge the responsibilities of the ARC. The majority of the members of the ARC, including the Chairman, have sufficient accounting and financial management expertise and experience. The ARC held four meetings in FY2016. The ARC meetings were held with the internal and external auditors without the presence of the Management during FY2016.

The ARC is guided by the written terms of reference setting out its authority and duties. The ARC has explicit authority to investigate any matter within its terms of reference, full access to and co-operation by the Management, full discretion to invite any Director or executive officer to attend its meeting, and reasonable resources to enable it to discharge its functions effectively and properly.

The ARC maintains a high standard of corporate governance and risk management by reviewing, *inter alia*, the annual audit plan, internal audit process and the adequacy of internal controls within the Company as well as any interested person transactions

which may arise during the course of the Company's business. The ARC also reviews the quarterly and annual financial statements of the Group before submitting the same to the Board for its approval. Any changes to accounting standards and issues which have a direct impact on financial statements will be raised at such meetings.

The ARC takes measures to keep abreast of new developments in and changes to accounting standards and issues which have a material impact on financial statements by participating in training conducted and regular updates provided by professionals or external auditors and consultants.

The ARC meets on a periodic basis to perform, inter alia, the following: (i) recommend the appointment, reappointment and removal of the external auditor; (ii) review the scope, results and cost effectiveness of the audit exercise; and (iii) evaluate the independence and objectivity of the external auditors. Having reviewed the value of the non-audit services provided by the external auditors to the Group, the ARC is satisfied that the nature and extent of such services does not prejudice the independence and objectivity of the external auditors when carrying out its functions in audit of the Company. The aggregate amount of fees, broken down into audit and non-audit services as provided by the auditors to the Company for FY2016 is disclosed on page 56 of this Annual Report.

The Group has complied with Rule 712 and 715 of the Listing Manual issued by the Singapore Exchange Securities Trading Limited ("SGX-ST") in relation to the appointment of its external auditors.

Risk Management/Internal Controls

The Board recognises the importance of effective internal controls and risk management practices to good corporate governance. The Group's internal controls provide reasonable assurance that the Group's assets are safeguarded, proper accounting records are maintained, financial information are reliable and applicable laws and regulations are properly complied with.

The Board ensures that the Management maintains an adequate and effective system of internal controls and risk management which addresses key material risks including financial, operational, compliance and information technology controls. The Board requires the ARC to review and report annually on the adequacy and effectiveness of the internal controls and risk management as well as to assist in its risk management oversight.

The Group has in place an enterprise risk management ("ERM") framework to provide the Board with a Groupwide view of the risks in the respective business units. The ERM framework enables the identification, assessment, management and monitoring of key risks to the Group's business. As part of this framework, risk registers are set up to document the identified key material risks and mitigating controls/actions. The policies and procedures within the ERM framework allow the Group to regularly review the significance and adequacy of its key material risks, consider the effectiveness of the Group's system of internal controls to limit, mitigate and monitor the identified key

material risks and the implementation of further action plans to manage strategic business risks.

As part of its continuing efforts to improve the risk management policies and systems, the Board, with the assistance of KPMG Services Pte Ltd ("KPMG"), reviews the Group's existing internal controls and the risk registers at least annually. Risk workshops are carried out with the risk owners to identify, assess and prioritise these risks. Mitigating actions in managing the key risks, as well as action plans to address the gaps, are considered and documented.

Risk tolerance limits are set up to align with the Group's risk appetite and are subject to annual reviews. Operating within risk tolerance limits provides the Management with greater assurance that the Group operates within its risk appetite.

The Board has received assurance from the MD and the CFO that (i) the financial records have been properly maintained and the financial statements give a true and fair view of the Group's operations and finances; and (ii) the Group's framework of risk management and internal controls is adequate and effective in addressing the key material risks relating to financial, operational, compliance and information technology controls, which the Company may face in the day to day operation of its businesses.

Based on the internal controls established and the reviews conducted by the internal and external auditors and the existing management controls in place, the Board, with the concurrence of the ARC, is of the opinion that there are adequate and effective internal controls and risk management systems in place within the Group addressing the key material risks relating to financial, operational, compliance, and information technology controls, to meet the

needs of the Group in its current business environment as at 30 June 2016.

The system of internal controls which have been established by the Group provides reasonable assurance that the Group will not be adversely affected by any event that can be reasonably foreseen as it strives to achieve its business objectives. The Board, however, notes that no system of internal controls can provide absolute assurance in this regard, or absolute assurance against poor judgement in decision making, human error, losses, fraud or other irregularities.

Whistle-blowing Policy

The Group has put in place a policy on whistle-blowing to facilitate the reporting of activities or practices which are in violation of the Group's work ethics and rules. The Group encourages employees or any other parties with whom the Group has a business relationship to report unlawful, unethical or fraudulent activities or practices in strict confidence. All whistle-blowing reports are submitted either to the internal auditors (the "IA") or the Chairman of the ARC so that independent investigation and appropriate follow-up action can be carried out. The ARC has the responsibility of overseeing this whistle-blowing policy, which is administered with the assistance of the IA. The process of raising concerns about possible improprieties in matters of financial reporting or other matters has been properly communicated to all employees in the Company. It is believed that this will not only encourage openness and promote transparency but also act as a form of check and balance against the internal controls and risk management practices of the Group.

Interested Person Transaction

The Company has established an internal policy when dealing with

CORPORATE GOVERNANCE REPORT

CORPORATE
GOVERNANCE _____

interested person transactions ("IPT") and also set out clear procedures for their review and approval. The Company did not obtain any shareholders' mandate pursuant to Rule 920 of the SGX-ST Listing Manual. During FY2016, there was no discloseable IPT.

Internal Audit

The ARC is the body which approves the hiring, removal, evaluation and compensation of the head of the internal audit function of the Group. The internal audit function is outsourced to KPMG. Staffed by qualified executives, KPMG has unrestricted access to the ARC. KPMG reports to the Chairman of the ARC and is guided by the Standards for the Professional Practice of Internal Auditing. These standards cover attributes as well as performance and implementation standards. KPMG is provided unfettered access to all the Group's documents, records, properties and personnel, including access to the ARC.

A set of internal controls is also adopted by the Company which sets out approval limits for expenditure, investments and divestments and cheque signatory arrangements within the Company. KPMG assists the ARC in its functions by reporting its audit findings to the ARC and to the Management.

The scope of the KPMG is to perform detailed work to assist the ARC and the Board in the evaluation of internal controls and risk management. KPMG submits its plans and recommendations to the ARC for approval.

COMMUNICATION WITH SHAREHOLDER S

In line with the disclosure obligations under the SGX-ST Listing Rules and the Companies Act (Cap. 50), the Company promptly informs shareholders of all major developments that impact the Group. Shareholders

are updated on the business and affairs of the Company through the quarterly release of the Company's results. Material and price-sensitive information is publicly released by the Company via the Singapore Exchange Network ("SGXNET") on an immediate basis where required by SGX-ST. The Company does not practise selective disclosure of information. Timely and detailed disclosure of pertinent corporate information is communicated via SGXNET and the Company's website.

All shareholders receive the annual report of the Company and notice of the AGM. The notice (which is also advertised in the press) and Company's results are published via SGXNET. To address shareholders' concerns and share views, the Company also conducts media and analysts briefing for its full-year results to provide market updates on the Group's business.

Shareholders are given the opportunity to raise relevant questions and communicate their views at general meetings and these are minuted accordingly and made available upon request. The Board is present at the annual general meetings to address any questions that the shareholders may have. The external auditors of the Company are also present to assist the Board in addressing relevant queries by the shareholders. The Company practices separate resolutions at general meetings on each distinct issue. A shareholder can vote in person or by way of proxy at general meetings. All resolutions at the annual general meetings are put to the vote by way of poll and the detailed results of the voting for each of the resolutions are announced on the SGX-ST.

The Company's website is at www.wingtaiasia.com.sg. The Company's latest financial results and annual reports are available on the Company's website. If shareholders have any queries on investor

relations, they may contact investors@ wingtaiasia.com.sg.

The Company has a dividend policy of around 30% payout ratio based on underlying net profits taking into consideration the financial position, capital needs, plans for expansion and other factors as the Board may deem appropriate.

DEALINGS IN SECURITIES

The Company has adopted and implemented an internal guideline on share dealings in the Company's securities in compliance with Rule 1207(19)(c) of the SGX-ST Listing Manual. All officers of the Company are prohibited from dealing in securities of the Company while in possession of price-sensitive information. They are also prohibited from dealing in securities of the Company during the closed period, which is two weeks before the date of announcement of results for each of the first three quarters of the Company's financial year and one month before the date of announcement of the full-year financial results. In addition, officers of the Company are also discouraged from dealing in the Company's securities on short-term considerations.

For the Financial Year Ended 30 June 2016

The directors present their statement to the members together with the audited financial statements of the Group for the financial year ended 30 June 2016 and the statement of financial position of the Company as at 30 June 2016.

In the opinion of the directors,

- (a) the statement of financial position of the Company and the consolidated financial statements of the Group as set out on pages 34 to 109 are drawn up so as to give a true and fair view of the financial position of the Company and of the Group as at 30 June 2016 and of the financial performance, changes in equity and cash flows of the Group for the financial year covered by the consolidated financial statements; and
- (b) at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

DIRECTORS

The directors of the Company in office at the date of this statement are:

Cheng Wai Keung Edmund Cheng Wai Wing Boey Tak Hap Cheng Man Tak Christopher Lau Loke Sam Lee Kim Wah Loh Soo Eng

(Deputy Chairman and Deputy Managing Director)

(Chairman and Managing Director)

Paul Hon To Tong Tan Sri Dato' Paduka Dr. Mazlan bin Ahmad

(Appointed on 6 January 2016)

Tan Hwee Bin

ARRANGEMENTS TO ENABLE DIRECTORS TO ACQUIRE SHARES AND DEBENTURES

Except as disclosed in the "Share Options" and "Share Plans" sections of this report, neither at the end of nor at any time during the financial year was the Company a party to any arrangement whose object was to enable the directors of the Company to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate.

For the Financial Year Ended 30 June 2016

DIRECTORS' INTERESTS IN SHARES OR DEBENTURES

(a) The interests of the directors holding office at the end of the financial year in the shares, share options and share plans of the Company and related corporations according to the register of the directors' shareholdings were as follows:

Except for the above, none of the directors of the Company at the end of the financial year had any interest in the shares or debentures of the Company or any other related corporations.

(b) By virtue of Section 7 of the Singapore Companies Act, Cheng Wai Keung and Edmund Cheng Wai Wing, who by virtue of their interest of not less than 20% in the issued capital of the Company, are also deemed to have an interest in the shares of the various subsidiary companies held by the Company.

28 _____ WING TAI HOLDINGS LIMITED

For the Financial Year Ended 30 June 2016

SHARE OPTIONS

The Wing Tai Holdings Limited (2001) Share Option Scheme (the "Scheme")

The Scheme was approved and adopted by the members of the Company at an Extraordinary General Meeting ("EGM") held on 31 August 2001. The Scheme was terminated by the members of the Company at an EGM held on 30 October 2008 (without prejudice to the rights of holders of options thereunder in respect of options which have been granted). The Scheme is administered by a committee comprising two directors, namely Cheng Wai Keung and Tan Hwee Bin.

No option was granted under the Scheme during the financial year. No controlling shareholder of the Company or his associate participated in the Scheme.

The aggregate number of options granted since the commencement of the Scheme to the end of the financial year is as follows:

Name of participant	Aggrega o	Aggregate number of		
	Number of options granted	Number of options exercised	Number of options forfeited	outstanding options as at 30.06.2016
Directors of the Company				
Lee Kim Wah	877,200	613,200	-	264,000
Tan Hwee Bin	645,500	442,000	-	203,500
	1,522,700	1,055,200	-	467,500
Group Executives	11,686,600	6,276,500	3,904,200	1,505,900
Total	13,209,300	7,331,700	3,904,200	1,973,400

Other than Lee Kim Wah, none of the participants of the Scheme received 5% or more of the total number of options granted under the Scheme.

Details of the movement in the options granted under the Scheme on the unissued ordinary shares of the Company during the year were as follows:

Date of grant	As at 01.07.2015	Number of options exercised	Number of options forfeited	As at 30.06.2016	Exercise price (\$)	Expiry date
30.09.2005	230,000	223,300	6,700	-	1.300	29.09.2015
05.09.2006	702,200	20,200	61,600	620,400	1.645	04.09.2016
06.09.2007	1,529,000	-	176,000	1,353,000	3.136	05.09.2017
Total	2,461,200	243,500	244,300	1,973,400		

For the Financial Year Ended 30 June 2016

SHARE PLANS

(a) The Wing Tai Performance Share Plan ("Wing Tai PSP") and the Wing Tai Restricted Share Plan ("Wing Tai RSP")

The Wing Tai PSP and the Wing Tai RSP (collectively referred to as the "Wing Tai Share Plans") were adopted by the members of the Company at an EGM held on 30 October 2008. The Wing Tai Share Plans are administered by a committee (the "Committee") comprising two directors, namely Cheng Wai Keung and Tan Hwee Bin.

(i) Wing Tai PSP

One of the primary objectives of the Wing Tai PSP is to increase the Company's flexibility and effectiveness in its continuous efforts to reward, retain and motivate key management staff. The Wing Tai PSP is primarily targeted at executives in key positions who are able to drive the growth of the Company through innovation, creativity and superior performance.

Full-time executives (including executive directors) of the Company, its subsidiary companies or associated companies who hold such rank as may be designated by the Committee from time to time are eligible to participate in the Wing Tai PSP.

Under the Wing Tai PSP, performance conditions are set over a three-year performance period. A specified number of shares will be released by the Committee to the participants at the end of the performance period, provided the threshold targets are achieved. The total number of shares released varies depending on the achievement of pre-set performance targets over the performance period. The achievement factor ranges from 0% to 200%.

Details of the movement in the awards of the Company during the year were as follows:

Date of grant	As at 01.07.2015	Number of shares granted	Additional shares awarded arising from targets achieved	Number of shares released	Number of shares forfeited	As at 30.06.2016
19.09.2012	147,000	-	41,600	188,600	-	-
25.09.2013	115,000	-	-	-	-	115,000
26.09.2014	210,000	-	-	-	28,000	182,000
14.09.2015	-	223,000	-	-	32,000	191,000
Total	472,000	223,000	41,600	188,600	60,000	488,000

(ii) Wing Tai RSP

The objective of the Wing Tai RSP is to serve as an additional motivational tool to recruit and retain employees.

Full-time executives (including executive directors) of the Company, its subsidiary companies or associated companies who hold such rank as may be designated by the Committee from time to time and non-executive directors are eligible to participate in the Wing Tai RSP.

Under the Wing Tai RSP, performance conditions are set over a one-year performance period. A specified number of shares will be awarded to eligible participants at the end of the performance period depending on the extent of achievement of the performance conditions established. These shares have a vesting schedule of three years. The participant will receive fully paid shares, without any cash consideration payable by the participant.

For the Financial Year Ended 30 June 2016

SHARE PLANS (continued)

(a) The Wing Tai Performance Share Plan ("Wing Tai PSP") and the Wing Tai Restricted Share Plan ("Wing Tai RSP") (continued)

(ii) Wing Tai RSP (continued)

Details of the movement in the awards of the Company during the year were as follows:

Date of grant	As at 01.07.2015	Number of shares granted	Number of shares released	Number of shares forfeited	As at 30.06.2016
19.09.2012	594,400	-	594,400	-	-
25.09.2013	887,600	-	380,400	46,800	460,400
26.09.2014	1,063,000	-	313,800	129,700	619,500
14.09.2015	-	970,000	-	133,000	837,000
Total	2,545,000	970,000	1,288,600	309,500	1,916,900

The information on a director of the Company participating in the Wing Tai PSP and Wing Tai RSP is as follows:

Name of director	Awards granted during the year	Aggregate awards granted since commencement of plans to the end of the year	Aggregate awards released since commencement of plans to the end of the year	Aggregate awards outstanding as at the end of the year
Tan Hwee Bin				
Wing Tai PSP	77,000	428,000	288,100	197,000
Wing Tai RSP	69,000	1,249,000	1,069,500	179,500

(b) The Wing Tai Malaysia Berhad ("WTM") Restricted Share Plan ("WTM RSP")

WTM implemented the WTM RSP approved by the shareholders of WTM at an EGM held on 29 November 2011. The WTM RSP is administered by a committee comprising two directors of WTM, namely Cheng Wai Keung and Tan Sri Dato' Paduka Dr. Mazlan bin Ahmad.

The employees and directors of WTM and its subsidiary companies but exclude subsidiary companies which are dormant (the "WTM Group") whose employment are confirmed in writing on or before the date of offer, are eligible to participate in the scheme.

Under the WTM RSP, the participant will receive fully paid shares on a vesting date, their equivalent value or combinations thereof, without any cash consideration payable by the participant, upon the participant achieving predetermined performance conditions and/or otherwise having performed well and/or made a significant contribution to the WTM Group. The details of the WTM RSP have been disclosed in the Directors' Report of WTM.

Details of the movement in the awards of WTM during the year were as follows:

Date of grant	As at 01.07.2015	Number of shares granted	Number of shares released	Number of shares forfeited	As at 30.06.2016
01.03.2013	189,600	-	189,600	-	-
23.09.2013	359,800	-	154,200	4,800	200,800
18.09.2014	221,000	-	66,300	4,900	149,800
11.09.2015	-	284,000	-	13,000	271,000
Total	770,400	284,000	410,100	22,700	621,600

For the Financial Year Ended 30 June 2016

AUDIT & RISK COMMITTEE

The Audit & Risk Committee consists of four non-executive independent directors. The members of the Committee at the date of this report are as follows:

Christopher Lau Loke Sam (Cho Boey Tak Hap Loh Soo Eng Paul Hon To Tong

(Chairman)

The Audit and Risk Committee reviewed the Group's accounting policies and system of internal controls on behalf of the Board of Directors and performed the functions specified in Section 201B(5) of the Singapore Companies Act. In performing those functions, the Committee reviewed:

- (a) the audit plans of the Company's independent auditor and any recommendations on internal accounting controls arising from the statutory audit;
- (b) the scope and results of internal audit procedures with the internal auditor;
- (c) the assistance given by the Company's management to the independent auditor; and
- (d) the quarterly results and the full year consolidated financial statements of the Group for the financial year ended 30 June 2016 before their submission to the Board of Directors for approval and the Independent Auditor's Report on these financial statements.

The Audit & Risk Committee also assists the Board of Directors with risk governance and overseeing the Company's risk management framework and policies.

The Audit & Risk Committee has nominated PricewaterhouseCoopers LLP for re-appointment as auditor of the Company at the forthcoming Annual General Meeting.

INDEPENDENT AUDITOR

The independent auditor, PricewaterhouseCoopers LLP, has expressed its willingness to accept re-appointment.

On behalf of the directors

CHENG WAI KEUNG Director 15 September 2016

EDMUND CHENG WAI WING Director

32 _____ WING TAI HOLDINGS LIMITED

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF WING TAI HOLDINGS LIMITED

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of Wing Tai Holdings Limited (the "Company") and its subsidiary companies (the "Group") set out on pages 34 to 109, which comprise the consolidated statement of financial position of the Group and the statement of financial position of the Company as at 30 June 2016, and the consolidated income statement, statement of comprehensive income, statement of changes in equity and statement of cash flows of the Group for the financial year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Singapore Companies Act (the "Act") and Singapore Financial Reporting Standards, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Singapore Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements of the Group and the statement of financial position of the Company are properly drawn up in accordance with the provisions of the Act and Singapore Financial Reporting Standards so as to give a true and fair view of the financial position of the Group and of the Company as at 30 June 2016, and of the financial performance, changes in equity and cash flows of the Group for the financial year ended on that date.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore, of which we are the auditors, have been properly kept in accordance with the provisions of the Act.

For the Financial Year Ended 30 June 2016

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

1. GENERAL INFORMATION

Wing Tai Holdings Limited (the "Company") is incorporated and domiciled in Singapore and is listed on the Singapore Exchange Securities Trading Limited. The address of its registered office is 3 Killiney Road, #10-01 Winsland House I, Singapore 239519.

The principal activity of the Company is that of an investment holding company. The principal activities of the Company's subsidiary companies are shown in Note 35.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation

These financial statements have been prepared in accordance with Singapore Financial Reporting Standards ("FRS"). The financial statements have been prepared under the historical cost convention, except as disclosed in the accounting policies below.

The preparation of financial statements in conformity with FRS requires management to exercise its judgement in the process of applying the Group's accounting policies. It also requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the financial year. Although these estimates are based on management's best knowledge of current events and actions, actual results may ultimately differ from those estimates. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Notes 8, 14, 19, 21 and 32(e).

Amendments and interpretations to published standards effective in 2016

On 1 July 2015, the Group adopted the new or amended FRS and Interpretations to FRS ("INT FRS") that are mandatory for application for the financial year. Changes to the Group's accounting policies have been made as required, in accordance with the transitional provisions in the respective FRS and INT FRS.

The adoption of these new or amended FRS and INT FRS did not result in substantial changes to the accounting policies of the Group and the Company and had no material effect on the amounts reported for the current or prior financial years.

2.2 Revenue recognition

Revenue for the Group comprises the fair value of the consideration received or receivable for the sale of goods and the rendering of services in the ordinary course of the Group's activities. Revenue is presented, net of goods and services tax, rebates and discounts, and after eliminating sales within the Group.

The Group recognises revenue when the amount of revenue and related cost can be reliably measured, it is probable that the collectability of the related receivables is reasonably assured and when the specific criteria for each of the Group's activities are met as follows:

(a) Sale of goods

Revenue from the sale of goods is recognised when a Group entity has delivered the products to the customer, the customer has accepted the products and collectability of the related receivable is reasonably assured, except for income from the sale of development properties which is disclosed in Note 2.8.

(b) Rental income

Rental income from operating leases (net of any incentives given to the lessees) is recognised on a straight-line basis over the lease term.

(c) Management fee

Management fee comprises charges for the management and maintenance of properties and finance and administration fees. Revenue from management fee is recognised when management services are rendered.

For the Financial Year Ended 30 June 2016

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.2 Revenue recognition (continued)

(d) Dividend income

Dividend income is recognised when the right to receive payment is established.

(e) Interest income

Interest income is recognised using the effective interest method.

2.3 Group accounting

(a) Subsidiary companies

(i) Consolidation

Subsidiary companies are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiary companies are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date on which control ceases.

In preparing the consolidated financial statements, transactions, balances and unrealised gains on transactions between group entities are eliminated. Unrealised losses are also eliminated but are considered an impairment indicator of the asset transferred. Accounting policies of subsidiary companies have been changed where necessary to ensure consistency with the accounting policies adopted by the Group.

Non-controlling interests comprise the portion of a subsidiary company's net results of operations and its net assets, which is attributable to the interests that are not owned directly or indirectly by the equity holders of the Company. They are shown separately in the consolidated income statement, consolidated statement of comprehensive income, consolidated statement of financial position and consolidated statement of changes in equity. Total comprehensive income is attributed to the non-controlling interests based on their respective interests in a subsidiary company, even if this results in the non-controlling interests having a deficit balance.

(ii) Acquisitions

The acquisition method of accounting is used to account for business combinations entered into by the Group.

The consideration transferred for the acquisition of a subsidiary company or business comprises the fair value of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred also includes any contingent consideration arrangement and any pre-existing equity interest in the subsidiary company measured at their fair values at the acquisition date.

Acquisition-related costs are expensed as incurred.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date.

On an acquisition-by-acquisition basis, the Group recognises any non-controlling interest in the acquiree at the date of acquisition either at fair value or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets.

The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the identifiable net assets acquired, is recorded as goodwill. Please refer to Note 2.4 for the accounting policy on goodwill on acquisitions.

For the Financial Year Ended 30 June 2016

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.3 Group accounting (continued)

(a) Subsidiary companies (continued)

(iii) Disposals

When a change in the Group's ownership interest in a subsidiary company results in a loss of control over the subsidiary company, the assets and liabilities of the subsidiary company including any goodwill are derecognised. Amounts previously recognised in other comprehensive income in respect of that entity are also reclassified to the income statement or transferred directly to retained earnings if required by a specific FRS.

Any retained equity interest in the entity is re-measured at fair value. The difference between the carrying amount of the retained interest at the date when control is lost and its fair value is recognised in the income statement.

Please refer to Note 2.5 for the accounting policy on investments in subsidiary companies in the separate financial statements of the Company.

(b) Transactions with non-controlling interests

Changes in the Group's ownership interest in a subsidiary company that do not result in a loss of control over the subsidiary company are accounted for as transactions with equity owners of the Company. Any difference between the change in the carrying amounts of the non-controlling interest and the fair value of the consideration paid or received is recognised in a separate reserve within equity attributable to the equity holders of the Company.

(c) Associated and joint venture companies

Associated companies are entities over which the Group has significant influence, but not control, generally accompanied by a shareholding giving rise to voting rights of 20% and above but not exceeding 50%. Joint venture companies are entities over which the Group has joint control as a result of contractual arrangements, and rights to the net assets of the entities. Investments in associated and joint venture companies are accounted for in the consolidated financial statements using the equity method of accounting less impairment losses, if any.

(i) Acquisitions

Investments in associated and joint venture companies are initially recognised at cost. The cost of an acquisition is measured at the fair value of the assets given, equity instruments issued or liabilities incurred or assumed at the date of exchange, plus costs directly attributable to the acquisition. Goodwill on associated and joint venture companies represents the excess of the cost of acquisition of the associated or joint venture companies over the Group's share of the fair value of the identifiable net assets of the associated or joint venture companies and is included in the carrying amount of the investments. Please refer to Note 2.4 for the accounting policy on goodwill on acquisitions.

(ii) Equity method of accounting

In applying the equity method of accounting, the Group's share of its associated or joint venture companies' post-acquisition profits or losses are recognised in the income statement and its share of post-acquisition other comprehensive income is recognised in other comprehensive income. These post-acquisition movements and distributions received from the associated or joint venture companies are adjusted against the carrying amount of the investments. When the Group's share of losses in an associated or joint venture company equals or exceeds its interest in the associated or joint venture company, the Group does not recognise further losses, unless it has legal or constructive obligations to make, or has made, payments on behalf of the associated or joint venture company. If the associated or joint venture company subsequently reports profits, the Group resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

Unrealised gains on transactions between the Group and its associated or joint venture companies are eliminated to the extent of the Group's interest in the associated or joint venture companies. Unrealised losses are also eliminated unless the transactions provide evidence of impairment of the assets transferred. The accounting policies of associated and joint venture companies are changed where necessary to ensure consistency with the accounting policies adopted by the Group.

For the Financial Year Ended 30 June 2016

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.3 Group accounting (continued)

(c) Associated and joint venture companies (continued)

(iii) Disposals

Investments in associated and joint venture companies are derecognised when the Group loses significant influence or joint control. If the retained equity interest in the former associated or joint venture company is a financial asset, the retained equity interest is measured at fair value. The difference between the carrying amount of the retained interest at the date when significant influence or joint control is lost, and its fair value and any proceeds on partial disposal, is recognised in the income statement.

Please refer to Note 2.5 for the accounting policy on investments in associated and joint venture companies in the separate financial statements of the Company.

2.4 Goodwill on acquisitions

Goodwill on acquisition of subsidiary companies and businesses on or after 1 July 2009 represents the excess of the sum of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the identifiable net assets acquired.

Goodwill on acquisition of subsidiary companies and businesses prior to 1 July 2009 and on acquisition of associated and joint venture companies represents the excess of the cost of the acquisition over the fair value of the Group's share of the identifiable net assets acquired.

Goodwill on subsidiary companies is recognised separately as intangible assets and carried at cost less accumulated impairment losses. Goodwill on associated and joint venture companies is included in the carrying amount of the investments.

Gains and losses on the disposal of subsidiary, associated and joint venture companies include the carrying amount of goodwill relating to the entity sold, except for goodwill arising from acquisitions prior to 1 July 2001. Such goodwill was adjusted against retained earnings in the year of acquisition and is not recognised in the income statement on disposal.

2.5 Investments in subsidiary, associated and joint venture companies

Investments in subsidiary, associated and joint venture companies are carried at cost less accumulated impairment losses in the Company's statement of financial position. On disposal of such investments, the difference between the disposal proceeds and the carrying amounts of the investments are recognised in the income statement.

For the Financial Year Ended 30 June 2016

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.6 Property, plant and equipment

(a) Measurement

(i) Land and buildings

Land and buildings are initially recognised at cost.

Freehold and 999-year leasehold land are subsequently carried at the revalued amounts less accumulated impairment losses. Buildings and leasehold land are subsequently carried at the revalued amounts less accumulated depreciation and accumulated impairment losses.

Land and buildings are revalued by independent professional valuers once every three years and whenever their carrying amounts are likely to differ materially from their revalued amounts. When an asset is revalued, any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset. The net amount is then restated to the revalued amount of the asset.

Increases in carrying amounts arising from revaluation, including currency translation differences, are recognised in other comprehensive income, unless they offset previous decreases in the carrying amounts of the same asset, in which case, they are recognised in the income statement. Decreases in carrying amounts that offset previous increases of the same asset are recognised in other comprehensive income. All other decreases in carrying amounts are recognised in the income statement.

(ii) Other property, plant and equipment

All other items of property, plant and equipment are initially recognised at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses.

(iii) Components of costs

The cost of an item of property, plant and equipment initially recognised includes its purchase price and any cost that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Cost also includes borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset. The projected cost of dismantlement, removal or restoration is also recognised as part of the cost of property, plant and equipment if the obligation for the dismantlement, removal or restoration is incurred as a consequence of either acquiring the asset or using the asset for purposes other than to produce inventories.

(b) Depreciation

Freehold and 999-year leasehold land are not depreciated. Depreciation on other items of property, plant and equipment is calculated using the straight-line method to allocate their depreciable amounts over their estimated useful lives. The annual depreciation rates are as follows:

Leasehold land and buildings 1 – 3% or over the remaining lease period, whichever is shorter

Motor vehicles 20%
Office equipment 10 – 33%

Furniture and fittings 10% or over the remaining lease period, whichever is shorter

The residual values, estimated useful lives and depreciation method of property, plant and equipment are reviewed, and adjusted as appropriate, at the end of each reporting period. The effects of any revision are recognised in the income statement when the changes arise.

(c) Subsequent expenditure

Subsequent expenditure relating to property, plant and equipment that has already been recognised is added to the carrying amount of the asset only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repair and maintenance expenses are recognised in the income statement when incurred.

For the Financial Year Ended 30 June 2016

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.6 Property, plant and equipment (continued)

(d) Disposal

On disposal of an item of property, plant and equipment, the difference between the disposal proceeds and its carrying amount is recognised in the income statement. Any amount in the asset revaluation reserve relating to that asset is transferred to retained earnings directly.

2.7 Investment properties

Investment properties are held for long-term rental yields and/or for capital appreciation and are not occupied substantially by the Group.

Investment properties are initially recognised at cost and subsequently carried at fair value, determined annually by independent professional valuers on the highest and best use basis. Changes in fair values are recognised in the income statement.

Investment properties are subject to renovations or improvements at regular intervals. The cost of major renovations and improvements is capitalised and the carrying amounts of the replaced components are recognised in the income statement. The cost of maintenance, repairs and minor improvements is recognised in the income statement when incurred.

On disposal of an investment property, the difference between the disposal proceeds and the carrying amount is recognised in the income statement.

2.8 Development Properties

(a) Properties under development

Properties under development are stated at cost plus attributable profits, less allowance for foreseeable losses and progress billings. An allowance is made when the estimated net realisable value of the property has fallen below the carrying amount.

Cost includes cost of land and other direct and related expenditure, including interest on borrowings incurred in developing the properties. Interest and other related expenditure are capitalised as and when the activities that are necessary to get the asset ready for its intended development are in progress.

Sales of development properties under construction in respect of sale and purchase agreements entered into prior to completion of construction are recognised when the properties are delivered to the buyers, except for in cases where the control and risk and rewards of the property are transferred to the buyers as construction progresses.

For sales of development properties of the Group that are within the scope as described in paragraph 2 of the Accompanying Note to INT FRS 115 *Agreements for the Construction of Real Estate*, the Group recognises revenue for sales of such development properties by reference to the stage of completion of the properties.

The stage of completion is measured by reference to the physical surveys of construction work completed as certified by the architects or quantity surveyors for the individual units sold. When it is probable that the total development costs will exceed the total revenue, the expected loss is recognised in the income statement immediately.

Significant estimates and assumptions are applied in assessing the stage of completion, total development costs, total contract costs and allowance for foreseeable losses on development properties. In making these estimates, management has relied on past experience and the work of specialists.

For the Financial Year Ended 30 June 2016

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.8 Development Properties (continued)

(a) Properties under development (continued)

The Group takes into account the estimated selling prices and estimated total development costs in assessing allowance for foreseeable losses. The estimated selling prices are based on the recent selling prices for the development properties or comparable properties and prevailing property market conditions. The estimated total development costs are based on the contracted amount and in respect of amounts not contracted for management's estimates of the amounts to be incurred taking into consideration historical trends of the amounts incurred. The allowance for foreseeable losses is included in other gains - net.

(b) Properties held for sale

Properties held for sale are stated at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less selling expenses.

2.9 Impairment of non-financial assets

(a) Goodwill

Goodwill recognised separately as an intangible asset is tested for impairment annually and whenever there is indication that the goodwill may be impaired.

For the purpose of impairment testing of goodwill, goodwill is allocated to each of the Group's cash generating units ("CGU") expected to benefit from synergies arising from the business combination.

An impairment loss is recognised when the carrying amount of a CGU, including the goodwill, exceeds the recoverable amount of the CGU. The recoverable amount of a CGU is the higher of the CGU's fair value less cost to sell and value-in-use.

The total impairment loss of a CGU is allocated first to reduce the carrying amount of goodwill allocated to the CGU and then to the other assets of the CGU pro-rata on the basis of the carrying amount of each asset in the CGU.

An impairment loss on goodwill is recognised in the income statement and is not reversed in a subsequent period.

(b) Property, plant and equipment

Investments in subsidiary, associated and joint venture companies

Property, plant and equipment and investments in subsidiary, associated and joint venture companies are tested for impairment whenever there is any objective evidence or indication that these assets may be impaired.

For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash inflows that are largely independent of those from other assets. If this is the case, the recoverable amount is determined for the CGU to which the asset belongs.

If the recoverable amount of the asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount.

The difference between the carrying amount and the recoverable amount is recognised as an impairment loss in the income statement, unless the asset is carried at revalued amount, in which case, such impairment loss is treated as a revaluation decrease. Please refer to Note 2.6 for the treatment of a revaluation decrease.

An impairment loss for an asset other than goodwill is reversed only if, there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. The carrying amount of this asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated depreciation) had no impairment loss been recognised for the asset in prior years.

For the Financial Year Ended 30 June 2016

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.9 Impairment of non-financial assets (continued)

(b) Property, plant and equipment

Investments in subsidiary, associated and joint venture companies (continued)

A reversal of impairment loss for an asset other than goodwill is recognised in the income statement, unless the asset is carried at revalued amount, in which case, such reversal is treated as a revaluation increase. However, to the extent that an impairment loss on the same revalued asset was previously recognised in the income statement, a reversal of that impairment is also recognised in the income statement.

2.10 Financial assets

(a) Classification

The Group classifies its financial assets in the following categories: at fair value through profit or loss, loans and receivables and available-for-sale. The classification depends on the nature of the assets and the purpose for which the assets were acquired. Management determines the classification of its financial assets at initial recognition.

- (i) Financial assets at fair value through profit or loss
 - This category has two sub-categories: financial assets held for trading, and those designated at fair value through profit or loss at inception. A financial asset is classified as held for trading if it is acquired principally for the purpose of selling in the short term. Financial assets designated as at fair value through profit or loss at inception are those that are managed and their performances are evaluated on a fair value basis, in accordance with a documented Group investment strategy. Derivatives are also categorised as held for trading unless they are designated as hedges. Assets in this category are presented as current assets if they are either held for trading or are expected to be realised within 12 months after the end of the reporting period.
- (ii) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are presented as current assets, except for those expected to be realised later than 12 months after the end of the reporting period which are presented as non-current assets. Loans and receivables are presented as "cash and cash equivalents" and "trade and other receivables" on the statement of financial position and also includes deposits and sundry receivables classified as "other current assets".

(iii) Available-for-sale financial assets

Available-for-sale financial assets are non-derivatives that are either designated in this category or not classified in any of the other categories. They are presented as non-current assets unless the investment matures or management intends to dispose of the assets within 12 months after the end of the reporting period.

For the Financial Year Ended 30 June 2016

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.10 Financial assets (continued)

(b) Recognition and derecognition

Regular way purchases and sales of financial assets are recognised on trade date - the date on which the Group commits to purchase or sell the asset.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership. On disposal of a financial asset, the difference between the carrying amount and the sale proceeds is recognised in the income statement. Any amount previously recognised in other comprehensive income relating to that asset is reclassified to the income statement.

(c) Initial measurement

Financial assets are initially recognised at fair value plus transaction costs except for financial assets at fair value through profit or loss, which are recognised at fair value. Transaction costs for financial assets at fair value through profit or loss are recognised immediately in the income statement.

(d) Subsequent measurement

Available-for-sale financial assets and financial assets at fair value through profit or loss are subsequently carried at fair value. Investments in unquoted equity investments whose fair value cannot be reliably measured are carried at cost. Loans and receivables are subsequently carried at amortised cost using the effective interest method.

Changes in the fair values of financial assets at fair value through profit or loss including the effects of currency translation, interest and dividends, are recognised in the income statement when the changes arise.

Interest and dividend income on available-for-sale financial assets are recognised separately in the income statement. Changes in the fair values of available-for-sale equity securities (i.e. non-monetary items) are recognised in other comprehensive income, together with the related currency translation differences.

(e) Impairment

The Group assesses at the end of each reporting period whether there is objective evidence that a financial asset or a group of financial assets is impaired and recognises an allowance for impairment when such evidence exists.

(i) Loans and receivables

Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy and default or significant delay in payments are objective evidence that these financial assets are impaired.

The carrying amount of these assets is reduced through the use of an impairment allowance account which is calculated as the difference between the carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate. When the asset becomes uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are recognised against the same line item in the income statement.

The impairment allowance is reduced through the income statement in a subsequent period when the amount of impairment loss decreases and the related decrease can be objectively measured. The carrying amount of the asset previously impaired is increased to the extent that the new carrying amount does not exceed the amortised cost had no impairment been recognised in prior periods.

For the Financial Year Ended 30 June 2016

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.10 Financial assets (continued)

(e) Impairment (continued)

(ii) Available-for-sale financial assets
In addition to the objective evidence of impairment described in Note 2.10(e)(i), a significant or prolonged decline in the fair value of an equity security below its cost is considered as an indicator that the available-for-sale financial asset is impaired.

If any evidence of impairment exists, the cumulative loss that was previously recognised in other comprehensive income is reclassified to the income statement. The cumulative loss is measured as the difference between the acquisition cost (net of any principal repayments and amortisation) and the current fair value, less any impairment loss previously recognised in the income statement. The impairment losses recognised in the income statement on equity securities are not reversed through the income statement.

2.11 Financial guarantees

The Company has issued corporate guarantees to banks for bank borrowings of its subsidiary and joint venture companies. These guarantees are financial guarantees as they require the Company to reimburse the banks if the subsidiary or joint venture companies fail to make principal or interest payments when due in accordance with the terms of their borrowings.

Financial guarantees are initially recognised at their fair values plus transaction costs in the Company's statement of financial position.

Financial guarantees are subsequently amortised to the income statement over the period of the subsidiary or joint venture companies' borrowings, unless it is probable that the Company will reimburse the banks for an amount higher than the unamortised amount. In this case, the financial guarantees shall be carried at the expected amount payable to the banks in the Company's statement of financial position.

Intra-group transactions are eliminated on consolidation.

2.12 Inventories

Inventories are carried at the lower of cost and net realisable value. Cost is determined using the weighted average method. The cost of finished goods and work-in-progress comprises raw materials, direct labour, other direct costs and related production overheads (based on normal operating capacity) but excludes borrowing costs. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and applicable variable selling expenses.

2.13 Borrowings and borrowing costs

Borrowings are presented as current liabilities unless the Group has an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which they are presented as non-current liabilities.

Borrowings are initially recognised at fair value (net of transaction costs) and subsequently carried at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption value is recognised in the income statement over the period of the borrowings using the effective interest method.

Borrowing costs are recognised in the income statement using the effective interest method except for those costs that are directly attributable to borrowings acquired specifically for the construction or development of properties. The actual borrowing costs incurred during the period up to the issuance of the temporary occupation permit less any investment income on temporary investment of these borrowings, are capitalised as cost of the property under development.

For the Financial Year Ended 30 June 2016

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.14 Derivative financial instruments and hedging activities

A derivative financial instrument is initially recognised at its fair value on the date the contract is entered into and is subsequently carried at its fair value. The method of recognising the resulting gain or loss depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged. The Group designates each hedge as either fair value hedge, cash flow hedge or net investment hedge.

Fair value changes on derivatives that are not designated or do not qualify for hedge accounting are recognised in the income statement when the changes arise.

The Group documents at the inception of the transaction the relationship between the hedging instruments and the hedged items, as well as its risk management objective and strategies for undertaking various hedging transactions. The Group also documents its assessment, both at hedge inception and on an ongoing basis, of whether the derivatives designated as hedging instruments are highly effective in offsetting changes in fair value or cash flows of the hedged items.

The carrying amount of a derivative designated as a hedge is presented as a non-current asset or liability if the remaining expected life of the hedged item is more than 12 months, and as a current asset or liability, if the remaining expected life of the hedged item is less than 12 months. The fair value of a trading derivative is presented as a current asset or liability.

The Group has entered into interest rate and cross currency swaps that are cash flow hedges for the Group's exposure to interest rate and currency risks on its borrowings. These contracts entitle the Group to receive interest at floating rates on notional principal amounts and oblige the Group to pay interest at fixed rates on the same notional principal amounts or on notional principal amounts denominated in a different currency, thus allowing the Group to raise borrowings at floating rates and swap them into fixed rate borrowings denominated in the same or different currencies.

The fair value changes on the effective portion of interest rate and cross currency swaps designated as cash flow hedges are recognised in other comprehensive income, accumulated in cash flow hedge reserve and reclassified to the income statement when the hedged interest expense on the borrowings is recognised in the income statement and/or the hedged borrowing is settled. The fair value changes on the ineffective portion of the interest rate and cross currency swaps are recognised immediately in the income statement.

The Group has cross currency swaps that qualify as net investment hedges of foreign operations. These hedging instruments are accounted for similarly to cash flow hedges. The currency translation differences on the cross currency swaps relating to the effective portion of the hedge are recognised in other comprehensive income in the consolidated financial statements, accumulated in the currency translation reserve and reclassified to income statement as part of the gain or loss on disposal of the foreign operation. The currency translation differences relating to the ineffective portion of the hedge are recognised immediately in the income statement.

The Group has entered into currency forwards to manage the Group's exposure to currency risk on highly probable forecasted transactions in foreign currencies. These contracts do not qualify for hedge accounting.

For the Financial Year Ended 30 June 2016

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.15 Fair value estimation of financial assets and liabilities

The fair values of financial instruments traded in active markets (such as exchange-traded and over-the-counter securities and derivatives) are based on quoted market prices at the end of the reporting period. The quoted market prices used for financial assets are the current bid prices; the appropriate quoted market prices used for financial liabilities are the current asking prices.

The fair values of financial instruments that are not traded in an active market are determined by using valuation techniques. The Group uses a variety of methods and makes assumptions based on market conditions that are existing at the end of each reporting period. Where appropriate, quoted market prices or dealer quotes for similar instruments are used. Valuation techniques, such as discounted cash flow analysis, are also used to determine the fair values of the financial instruments.

The fair values of interest rate and cross currency swaps are calculated as the present value of the estimated future cash flows discounted at actively quoted interest and forward exchange rates. The fair values of currency forwards are determined using actively quoted forward exchange rates.

The fair values of financial liabilities carried at amortised cost are estimated by discounting the future contractual cash flows at the current market interest rates that are available to the Group for similar financial liabilities.

The fair values of current financial assets and liabilities carried at amortised cost approximate their carrying amounts.

2.16 Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is a legally enforceable right to offset and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

2.17 Operating leases

(a) When the Group is the lessee:

Leases where substantially all risks and rewards incidental to ownership are retained by the lessors are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessors) are recognised in the income statement on a straight-line basis over the period of the lease.

Contingent rents are recognised in the income statement when incurred.

(b) When the Group is the lessor:

Leases of investment properties where the Group retains substantially all risks and rewards incidental to ownership are classified as operating leases. Rental income from operating leases (net of any incentives given to the lessees) is recognised in the income statement on a straight-line basis over the lease term.

Initial direct costs incurred by the Group in negotiating and arranging operating leases are added to the carrying amount of the leased assets and recognised in the income statement over the lease term on the same basis as the lease income.

Contingent rents are recognised in the income statement when earned.

For the Financial Year Ended 30 June 2016

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.18 Income taxes

Current income tax for current and prior periods is recognised at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred income tax is recognised for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

A deferred income tax liability is recognised on temporary differences arising on investments in subsidiary, associated and joint venture companies, except where the Group is able to control the timing of the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

A deferred income tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised.

Deferred income tax is measured:

- (a) at the tax rates that are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period; and
- (b) based on the tax consequence that will follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amounts of its assets and liabilities except for investment properties. Investment property measured at fair value is presumed to be recovered entirely through sale.

Current and deferred income taxes are recognised in the income statement, except to the extent that the tax arises from a business combination or a transaction which is recognised directly in equity. Deferred income tax arising from a business combination is adjusted against goodwill on acquisition.

2.19 Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is more likely than not that an outflow of resources will be required to settle the obligation and the amount has been reliably estimated.

2.20 Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Group prior to the end of the reporting period which are unpaid. They are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business, if longer). Otherwise, they are presented as non-current liabilities.

Trade and other payables are initially recognised at fair value, and subsequently carried at amortised cost using the effective interest method.

For the Financial Year Ended 30 June 2016

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.21 Employee compensation

Employee benefits are recognised in the income statement, unless the cost qualifies to be capitalised as an asset.

(a) Defined contribution plans

Defined contribution plans are post-employment benefit plans under which the Group pays fixed contributions into separate entities such as the Central Provident Fund on a mandatory, contractual or voluntary basis. The Group has no further payment obligations once the contributions have been paid.

(b) Share-based payment

The Group operates an equity-settled, share-based payment plan. The value of the employee services received in exchange for the grant of shares and share options is recognised in the income statement with a corresponding increase in the share-based payment reserve over the vesting period. The total amount to be recognised over the vesting period is determined by reference to the fair value of the shares and share options granted on the date of the grant. Non-market vesting conditions are included in the estimation of the number of shares and share options that are expected to vest on the vesting date. At the end of each reporting period, the Group revises its estimates of the number of shares and share options that are expected to vest on the vesting date and recognises the impact of the revision of the estimates in the income statement, with a corresponding adjustment to the share-based payment reserve over the remaining vesting period.

2.22 Currency translation

(a) Functional and presentation currency

Items included in the financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates ("functional currency"). The financial statements are presented in Singapore Dollars, which is the functional currency of the Company.

(b) Transactions and balances

Transactions in a currency other than the functional currency ("foreign currency") are translated into the functional currency using the exchange rates at the dates of the transactions. Currency translation differences resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the closing rates at the end of the reporting period are recognised in the income statement. However, in the consolidated financial statements, currency translation differences arising from borrowings in foreign currencies and other currency instruments designated and qualifying as net investment hedges and net investment in foreign operations, are recognised in other comprehensive income and accumulated in currency translation reserve. When a foreign operation is disposed of or any loan forming part of the net investment in the foreign operation is repaid, a proportionate share of the accumulated currency translation differences is reclassified to the income statement, as part of the gain or loss on disposal.

Non-monetary items measured at fair values in foreign currencies are translated using the exchange rates at the date when the fair values are determined.

For the Financial Year Ended 30 June 2016

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.22 Currency translation (continued)

(c) Translation of Group entities' financial statements

The results and financial position of all the Group entities that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- (i) Assets and liabilities are translated at the closing exchange rates at the end of the reporting period;
- (ii) Income and expenses are translated at average exchange rates (unless the average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case the income and expenses are translated using the exchange rates at the dates of the transactions); and
- (iii) All resulting currency translation differences are recognised in other comprehensive income and accumulated in the currency translation reserve. These currency translation differences are reclassified to the income statement on disposal or partial disposal of the entity giving rise to such reserve.

Goodwill and fair value adjustments arising on the acquisition of foreign operations are treated as assets and liabilities of the foreign operations and translated at the closing rates at the end of the reporting period.

2.23 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to management, who are responsible for allocating resources and assessing the performance of the operating segments.

Sales between segments are carried out at market terms. The revenue from external parties reported to management is measured in a manner consistent with that in the income statement.

Management assesses the performance of the operating segments based on a measure of earnings before interest and tax ("EBIT") for continuing operations. Interest income and finance costs are not allocated to the segments.

The amounts provided to management with respect to total assets and liabilities are measured in a manner consistent with that of the financial statements. These assets and liabilities are allocated based on the operations of the segment. All assets and liabilities are allocated to the reportable segments other than tax recoverable and current and deferred income tax liabilities.

Segment capital expenditure is the total cost incurred during the financial year to acquire property, plant and equipment and investment properties.

2.24 Cash and cash equivalents

For the purpose of presentation in the consolidated statement of cash flows, cash and cash equivalents include fixed deposits with financial institutions and cash and bank balances, which are subject to an insignificant risk of change in value. For cash subjected to restriction, assessment is made on the economic substance of the restriction and whether they meet the definition of cash and cash equivalents.

For the Financial Year Ended 30 June 2016

2. **SIGNIFICANT ACCOUNTING POLICIES** (continued)

2.25 Share capital and treasury shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares are deducted against the share capital account.

When any entity within the Group purchases the Company's ordinary shares ("treasury shares"), the carrying amount which includes the consideration paid and any directly attributable transaction cost is presented as a component within equity attributable to the Company's equity holders, until they are cancelled, sold or reissued.

When treasury shares are subsequently cancelled, the cost of treasury shares are deducted against the share capital account if the shares are purchased out of capital of the Company, or against the retained earnings of the Company if the shares are purchased out of earnings of the Company.

When treasury shares are subsequently sold or reissued pursuant to the employee share plans and share option schemes, the cost of the treasury shares is reversed from the treasury shares reserve and the realised gain or loss on sale or reissue, net of any directly attributable incremental transaction costs and related income tax, is recognised in a separate reserve within equity attributable to the equity holders of the Company.

2.26 Dividends to the equity holders of the Company

Dividends to the Company's equity holders are recognised when the dividends are approved for payment.

2.27 Assets held for sale

Assets are classified as assets held for sale and carried at the lower of carrying amount and fair value less costs to sell if their carrying amount is recovered principally through a sale transaction rather than through continuing use. The assets are not depreciated or amortised while they are classified as held for sale. Any impairment loss on initial classification and subsequent measurement is recognised as an expense. Any subsequent increase in fair value less costs to sell (not exceeding the accumulated impairment loss that has been previously recognised) is recognised in the income statement.

3. REVENUE

	Group		
	2016 \$'000	2015 \$'000	
Revenue from sale of:			
 development properties 	329,818	430,191	
– goods	171,688	201,578

Please refer to Note 33(b) for directors' remuneration.

7. FINANCE COSTS

	2016 \$'000	2015 \$'000
Interest expense to banks	45,542	47,335

8. INCOME TAXES

(a) Income tax expense

moonie tax expense	2016 \$'000	Group 2015 \$'000
Tax expense attributable to profit is made up of:		
Current income tax		
Singapore	10,249	16,181
– Foreign	15,460	12,562
	25,709	28,743
Deferred income tax	1,441	(9,490)
	27,150	19,253
(Over)/underprovision in preceding financial years		
– Current income tax	(1,586)	(9,423)
– Deferred income tax	148	(478)
	25,712	9,352

The Group is subject to income taxes in numerous jurisdictions. Significant judgement is required in estimating the capital allowances and the deductibility of certain expenses in determining the provision for income taxes. There are many transactions and calculations during the ordinary course of business for which the ultimate tax determination is uncertain. The Group recognises liabilities for anticipated tax audit issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the current and deferred income tax provisions in the period in which such determination is made.

C----

For the Financial Year Ended 30 June 2016

8. INCOME TAXES (continued)

(a) Income tax expense (continued)

The tax on Group's profit before income tax excluding share of profits of associated and joint venture companies differs from the theoretical amount that would arise using the Singapore standard rate of income tax as follows:

	Group	
	2016 \$'000	2015 \$'000
Tax calculated at Singapore standard rate of income tax	(3,065)	9,522
Different tax rates in other countries	2,790	4,337
Expenses not deductible for tax purposes	28,334	19,405
Income not subject to tax	(4,006)	(5,412)
Overprovision of tax	(1,438)	(9,901)
Unrecognised tax losses/(utilisation of previously unrecognised tax losses)	d tax losses/(utilisation of previously unrecognised tax losses) 3,097	(8,599)
	25,712	9,352

The tax charge relating to each component of other comprehensive (expense)/income is as follows:

	Group			
	Before tax \$'000	Tax charge \$'000	After tax \$'000	
2016				
Cash flow hedges	(2,217)	-	(2,217)	
Currency translation differences	(43,623)	-	(43,623)	
Share of other comprehensive expense of				
associated and joint venture companies	(978)	-	(978)	
Revaluation gains on property, plant and equipment	7,569	(1,222)	6,347	
	(39,249)	(1,222)	(40,471)	
2015				
Cash flow hedges	11,743	-	11,743	
Currency translation differences	86,534	-	86,534	
Share of other comprehensive expense of				
associated and joint venture companies	(1,645)	-	(1,645)	
Revaluation gains on property, plant and equipment	3,109	-	3,109	
	99,741	-	99,741	

(b) Deferred income taxes

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current income tax assets against current income tax liabilities and when the deferred income taxes relate to the same fiscal authority. The amounts, determined after appropriate offsetting, are shown on the statement of financial position as follows:

	Group	
	2016 \$′000	2015 \$'000
Deferred income tax liabilities to be settled: – within one year	54	117
– after one year	65,113	63,893
	65,167	64,010

58 _____ WING TAI HOLDINGS LIMITED

For the Financial Year Ended 30 June 2016

8. INCOME TAXES (continued)

(b) Deferred income taxes (continued)

Deferred income tax assets are recognised for tax losses carried forward to the extent that realisation of the related tax benefits through future taxable profits is probable. The Group had unrecognised tax losses of \$167.5 million (2015: \$161.0 million) at the end of the reporting period which can be carried forward and used to offset against future taxable income subject to meeting certain statutory requirements by those companies with unutilised tax losses in their respective countries of incorporation. These tax losses have no expiry date.

The movement in deferred income tax assets and liabilities (prior to offsetting of balances within the same tax jurisdiction) during the financial year is as follows:

Deferred income tax liabilities - Group

	Accelerated tax depreciation \$'000	Revaluation gains \$'000	Recognition of profits on percentage of completion \$'000	Others* \$'000	Total \$'000

9. EARNINGS PER SHARE

(a) Basic earnings per share

Basic earnings per share is calculated by dividing the net profit attributable to equity holders of the Company by the weighted average number of ordinary shares in issue during the financial year.

	Group	
	2016	2015
Net profit attributable to equity holders of the Company (\$'000) Weighted average number of ordinary shares in issue for basic earnings per share ('000)	7,079 777,271	150,304 784,455
Basic earnings per share (cents)	0.91	19.16

(b) Diluted earnings per share

Diluted earnings per share is calculated by adjusting the weighted average number of ordinary shares in issue to assume the effects of all dilutive potential ordinary shares from share plans and share options.

	Group	
	2016 \$'000	2015 \$'000
Net profit attributable to equity holders of the Company Adjustments for share options and share plans of:	7,079	150,304
– a subsidiary company– an associated company	(9) (268)	(35) (395)
Net profit used to determine diluted earnings per share	6,802	149,874
	2016 '000	2015 '000

Included in cash and cash equivalents of the Group are amounts held under project accounts totalling \$106.1 million (2015: \$128.5 million), withdrawals of which are restricted to payments for expenditures incurred on projects.

The carrying amounts of cash and cash equivalents approximated their fair values.

For the Financial Year Ended 30 June 2016

10. CASH AND CASH EQUIVALENTS (continued)

Significant restrictions

Cash and short-term deposits of \$123.0 million (2015: \$110.1 million) are held in the People's Republic of China and are subject to local exchange control regulations. These local exchange control regulations provide for restrictions on exporting capital from the country, other than through normal dividends.

Disposal of subsidiary companies

On 30 June 2016, the Group disposed of its 100% interest in Yoshinoya (S) Pte Ltd for a cash consideration of \$5.0 million.

In the previous financial year, the Group disposed of its effective interests of 70% in PT Windas Development for a cash consideration of \$27.1 million (net of withholding tax).

The effects of the disposal on the cash flows of the Group were:

	Group

As at 30 June 2016, the fixed interest rate on SGD interest rate swap is 3.1% (2015: 3.1%) per annum and the fixed interest rates on HKD interest rate swaps ranges from 2.5% to 3.4% (2015: Nil) per annum. The main floating rates are Singapore Swap Offered Rate and London Interbank Offered Rate.

Interest rate swaps are transacted to hedge variable quarterly interest payments on borrowings and will mature by November 2019 (2015: November 2019).

Cross currency swaps that will mature by November 2019 (2015: November 2019) are transacted to hedge (i) variable quarterly interest payments on borrowings and (ii) currency translation differences from the Group's investment in its associated company.

Please refer to Note 2.14 for details of the financial instruments and hedging policies.

	29,061	40,477	6,111	7,266

The carrying amounts of deposits and sundry receivables approximated their fair values.

16. ASSETS HELD FOR SALE

On 5 July 2016, the Group's wholly-owned subsidiary company, Wing Tai Land Pte. Ltd. disposed of its 50% interest in the issued share capital and shareholders' loans of Summervale Properties Pte Ltd ("Summervale") with net carrying amount of \$411.0 million to Sunmaster Holdings Pte. Ltd. for a cash consideration of \$411.0 million. Following the disposal of shares, Summervale ceased to be a joint venture company of the Group.

On 26 August 2016, the Group's wholly-owned subsidiary company, Wing Tai (China) Investment Pte. Ltd. disposed of its 40% interest in the issued share capital and shareholders' loans of Optima Investment & Development Pte. Ltd. ("Optima") with net carrying amount of \$84.6 million to Singbridge Guangzhou Pte. Ltd. for a cash consideration of \$89.3 million. Following the disposal of shares, Optima ceased to be a joint venture company of the Group.

17. AVAILABLE-FOR-SALE FINANCIAL ASSETS

	Group		Company	
	2016 \$'000	2015 \$'000	2016 \$'000	2015 \$'000
Beginning of financial year	6,267	3,189	3,189	3,189
Addition	-	3,078	-	-

End of financial year	6,276	6,267	3,189	3,189

The available for sale financial assets comprised unquoted equity shares in Singapore and Hong Kong SAR. There are no active markets and no recent transactions for these investments and the fair values cannot currently be estimated within a reasonable range using valuation techniques.

For the Financial Year Ended 30 June 2016

18. TRADE AND OTHER RECEIVABLES - NON-CURRENT

	Group		Company	
	2016 \$'000	2015 \$'000	2016 \$'000	2015 \$'000
Loans to subsidiary companies [Note 18(i)] Loans to joint venture companies [Note 18(ii)] Allowance for impairment of receivables	195,416 (189)	383,103 (199)	518,181 - -	1,060,578 - -
	195,227	382,904	-	-
Loans to non-controlling interests [Note 18(iii)]	20,930	17,207	-	-
Total non-current receivables	216,157	400,111	518,181	1,060,578

- (i) Loans to subsidiary companies are unsecured, have no fixed terms of repayment and are not expected to be repayable within the next 12 months. Included in the loans to subsidiary companies are fixed-interest loan receivables of \$146.0 million (2015: \$364.3 million).
 - The interest-free loans to subsidiary companies are intended to be a long-term source of additional capital for the subsidiary companies. As a result, management considers such loans to be in substance part of the Company's net investment in these subsidiary companies and has accounted for these loans in accordance with Note 2.5.
- (ii) Loans to joint venture companies are unsecured, have no fixed terms of repayment and are not expected to be repayable within the next 12 months. Included in the loans to joint venture companies are fixed-interest loan receivables of \$129.8 million (2015: \$317.0 million), which are subordinated to banking facilities of \$420.0 million (2015: \$967.8 million) granted by banks to the said joint venture companies.
- (iii) Loans by a certain subsidiary company to non-controlling interests are made proportionate to the shareholders' equity stake in the subsidiary company on a pari passu basis. The loans are unsecured, interest-free, have no fixed terms of repayment and are not expected to be repayable within the next 12 months.

The carrying amounts of non-current trade and other receivables approximated their fair values and are categorised under Level 3 of the fair value measurement hierarchy.

For the Financial Year Ended 30 June 2016

The Group's associated company, Wing Tai Properties Limited ("WTP") is listed on the Hong Kong Exchanges and Clearing Limited and its financial year-end is 31 December. Due to the timing of availability of the financial information of WTP and as WTP is unable to provide financial information to the Group without providing equivalent information to all its other investors, the Group equity accounts for WTP for the period from 1 April 2015 to 31 March 2016 (2015: 1 April 2014 to 31 March 2015) and adjusts for any significant transactions and events that occur between 1 April and 30 June 2016 that become publicly available prior to the date of the Group's consolidated financial statements.

As at 30 June 2016, the carrying amount of quoted equity shares of the associated company is higher than the market value. The directors consider the carrying amount of the investment to be appropriate, after having evaluated various qualitative and quantitative factors including the historical financial performance of the associated company.

70 _____ WING TAI HOLDINGS LIMITED

For the Financial Year Ended 30 June 2016

19. INVESTMENTS IN ASSOCIATED AND JOINT VENTURE COMPANIES (continued)

The market value of the investment in an associated company is determined by reference to the published market bid price at the end of the reporting period and is categorised under Level 1 of the fair value measurement hierarchy.

Details of the Group's associated and joint venture companies are listed in Note 35 to the financial statements.

20. INVESTMENTS IN SUBSIDIARY COMPANIES

		Company	
	2016	2015	
	\$'000	\$'000	
Equity investments, at cost	283,063	252,392	

Details of the Group's subsidiary companies are listed in Note 35 to the financial statements.

The following subsidiary companies of the Group have material non-controlling interests:

Name of company	by non-c	nterest held controlling crests
	2016	2015
	%	%
Wing Tai Malaysia Berhad	33.8	39.6
Suzhou Property Development Pte Ltd	25	25

There were no significant transactions with non-controlling interests for the financial years ended 30 June 2016 and 2015.

For the Financial Year Ended 30 June 2016

20. INVESTMENTS IN SUBSIDIARY COMPANIES (continued)

The following table summarises the financial information of each of the Group's subsidiary companies with material non-controlling interests, based on their respective consolidated financial statements prepared in accordance with FRS, modified for fair value adjustments on acquisition and differences in the Group's accounting policies. The information is before inter-company eliminations with other companies in the Group.

22. PROPERTY, PLANT AND EQUIPMENT (continued)

The freehold and leasehold land and buildings are valued by independent professional valuers based on the properties' highest and best use using the Direct Comparison Approach and/or the Capitalisation Approach. A description of the valuation techniques and the valuation processes of the Group are provided in Note 32(e).

If the freehold and leasehold land and buildings stated at valuation were included in the financial statements at cost less accumulated depreciation, their net book values would be as follows:

		Group
	2016	2015
	\$'000	\$'000
Freehold land and buildings	29,854	28,385
Leasehold land and buildings	42,404	39,025

The major properties included in freehold and leasehold land and buildings are as follows:

Name of building/ location	Description	Tenure of land	Lettable area (Sq m)
Singapore Winsland House I at 3 Killiney Road (Basement 1 and 10 th floor)	10-storey commercial building	99-year lease expiring 2082	2,858
Malaysia 166-A, Rifle Range Road, Pulau Pinang	5-storey commercial building	99-year lease expiring 2109	11,136
Ambassador Row Serviced Suites at 1 Jalan Ampang Hilir, Kuala Lumpur	221 units of serviced apartments in a 20-storey building	Freehold	17,452

Property, plant and equipment with net book values amounting to \$85.5 million (2015: \$83.0 million) were mortgaged to banks to secure long term banking facilities granted to subsidiary companies (Note 24).

For the Financial Year Ended 30 June 2016

23. TRADE AND OTHER PAYABLES

	G	roup	Con	Company	
	2016 \$'000	2015 \$'000	2016 \$'000	2015 \$'000	
Due to subsidiary companies - non-trade [Note 23(i)]	-	-	84,220	83,333

 Unsecured medium term notes due in 2022 	100,000	100,000	100,000	100,000
 Unsecured medium term notes due in 2023 	100,000	100,000	100,000	100,000
 Unsecured medium term notes due in 2024 	100,000	100,000	100,000	100,000
	1,289,158	1,155,375	927,838	737,796
Total borrowings	1,376,506	1,191,359	927,838	737,796

The carrying amounts of borrowings approximated their fair values and are categorised under Level 3 of the fair value measurement hierarchy.

(a) Interest rate risks

The exposure of the borrowings of the Group and of the Company to interest rate changes and the contractual repricing dates at the end of the reporting period are as follows:

	Group		Company	
	2016 \$'000	2015 \$'000	2016 \$'000	2015 \$'000
Less than one year	716,435	558,386	288,000	125,000
Between one and two years	87,000	-	87,000	-
Between two and five years	153,071	212,973	132,838	192,796
Over five years	420,000	420,000	420,000	420,000
	1,376,506	1,191,359	927,838	737,796

(b) Security granted

The Group's secured borrowings are generally secured by mortgages on certain development properties (Note 14), investment properties (Note 21) and property, plant and equipment (Note 22) and assignment of all rights, titles and benefits with respect to the properties.

For the Financial Year Ended 30 June 2016

25. DIVIDENDS

	Group an	d Company
	2016 \$'000	2015 \$'000
Dividends paid in respect of the preceding financial year		
First and final dividend of 3 cents per share (2015: 3 cents per share)	23,448	23,634
Special dividend of nil (2015: 3 cents per share)	-	23,633
	23,448	47,267

The directors have recommended a first and final dividend in respect of the financial year ended 30 June 2016 of 3 cents per share and a special dividend of 3 cents per share. These financial statements do not reflect these proposed dividends, which will be accounted for in the shareholders' equity as an appropriation of retained earnings in the financial year ending 30 June 2017.

The proposed first and final dividend in respect of the financial year ended 30 June 2015 have been accounted for in the shareholders' equity as an appropriation of retained earnings in the current financial year.

26. OTHER NON-CURRENT LIABILITIES

	Gro	oup
	2016 \$'000	2015 \$'000
Tenancy deposits	4,808	5,572
Loans from non-controlling interests	7,903	7,894
Retention payable	14,592	25,345
Others	2,172	3,079
	29,475	41,890

Loans from non-controlling interests are unsecured, interest-free, have no fixed terms of repayment and are not expected to be repayable within the next 12 months.

The carrying amounts of other non-current liabilities approximated their fair values and are categorised under Level 3 of the fair value measurement hierarchy.

27. SHARE CAPITAL

	Group and C Issued share	
	Number of ordinary shares '000	Amount \$'000
2016 Beginning and end of financial year	793,927	838,250

All issued ordinary shares are fully paid. There is no par value for these ordinary shares.

For the Financial Year Ended 30 June 2016

27. SHARE CAPITAL (continued)

(a) The Wing Tai Holdings Limited (2001) Share Option Scheme (the "Scheme")

The Scheme was approved and adopted by the members of the Company at an Extraordinary General Meeting ("EGM") held on 31 August 2001. The Scheme was terminated by the members of the Company at an EGM held on 30 October 2008 (without prejudice to the rights of holders of options thereunder in respect of options which have been granted).

Details of the movement in the options granted under the Scheme on the unissued ordinary shares of the Company during the year were as follows:

Date of grant	Beginning of financial year	Number of options exercised	Number of options forfeited	End of financial year	Exercise price (\$)	Expiry date
2016						
30.09.2005	230,000	223,300	6,700	-	1.300	29.09.2015
05.09.2006	702,200	20,200	61,600	620,400	1.645	04.09.2016
06.09.2007	1,529,000	-	176,000	1,353,000	3.136	05.09.2017
Total	2,461,200	243,500	244,300	1,973,400		
2015						
19.11.2004	103,400	103,400	-	-	0.849	18.11.2014
30.09.2005	315,800	48,400	37,400	230,000	1.300	29.09.2015
05.09.2006	825,400	46,200	77,000	702,200	1.645	04.09.2016
06.09.2007	1,688,500	-	159,500	1,529,000	3.136	05.09.2017
Total	2,933,100	198,000	273,900	2,461,200		

All the outstanding share options are exercisable.

The Company reissued 243,500 (2015: 222,200) treasury shares at an average price of \$1.33 (2015: \$1.19) per share during the financial year for the fulfilment of share options exercised during the financial year. The weighted average share price at the time of exercise was \$1.66 (2015: \$1.89) per share.

For the Financial Year Ended 30 June 2016

27. SHARE CAPITAL (continued)

(b) Share Plans

The Wing Tai Performance Share Plan ("Wing Tai PSP") and the Wing Tai Restricted Share Plan ("Wing Tai RSP") (collectively referred to as the "Share Plans") were adopted by the members of the Company at an EGM held on 30 October 2008.

Wing Tai PSP

On 14 September 2015 (2015: 26 September 2014), awards were granted by the Company to qualifying employees pursuant to the Wing Tai PSP in respect of 223,000 (2015: 210,000) shares of the Company. Under the Wing Tai PSP, performance conditions are set over a three-year performance period. A specified number of shares will be released by the Committee to the participants at the end of the performance period, provided the threshold targets are achieved. The total number of shares released varies depending on the achievement of pre-set performance targets over the performance period. The achievement factor ranges from 0% to 200%.

Details of the movement in the awards of the Company during the year were as follows:

Date of grant	Beginning of financial year	Number of shares granted	Additional shares awarded arising from targets achieved	Number of shares released	Number of shares forfeited	End of financial year
2016						
19.09.2012	147,000	-	41,600	188,600	-	-

27. SHARE CAPITAL (continued)

(b) Share Plans (continued)

Wing Tai RSP

On 14 September 2015 (2015: 26 September 2014), awards were granted by the Company to qualifying employees pursuant to the Wing Tai RSP in respect of 970,000 (2015: 1,089,000) shares of the Company. Under the Wing Tai RSP, performance conditions are set over a one-year performance period. A specified number of shares will be awarded to eligible participants at the end of the performance period depending on the extent of achievement of the performance conditions established. The shares have a vesting schedule of three years. The participant will receive fully paid shares, without any cash consideration payable by the participant.

Details of the movement in the awards of the Company during the year were as follows:

Date of grant	Beginning of financial year	Number of shares granted	Number of shares released	Number of shares forfeited	End of financial year
2016					
19.09.2012	594,400	-	594,400	-	-
25.09.2013	887,600	-	380,400	46,800	460,400
26.09.2014	1,063,000	-	313,800	129,700	619,500
14.09.2015	-	970,000	-	133,000	837,000
Total	2,545,000	970,000	1,288,600	309,500	1,916,900
2015					
08.09.2011	744,800	-	738,000	6,800	-
19.09.2012	1,139,500	-	523,600	21,500	594,400
25.09.2013	1,336,500	-	420,000	28,900	887,600
26.09.2014	-	1,089,000	-	26,000	1,063,000
Total	3,220,800	1,089,000	1,681,600	83,200	2,545,000

The fair values of the awards granted pursuant to the Wing Tai PSP and the Wing Tai RSP on 14 September 2015 (2015: 26 September 2014) determined using the Monte Carlo simulation model was \$0.2 million (2015: \$0.2 million) and \$1.6 million (2015: \$1.9 million) respectively. The significant inputs into the model were share price at grant date of \$1.64 (2015: \$1.77) per share, standard deviation of expected share price returns of 20.9% (2015: 28.4%), dividend yield of 0.2% (2015: 1.5%) and annual risk-free one-year, two-year and three-year interest rates of 1.1%, 1.2% and 1.5% respectively (2015: 0.4%, 0.6% and 0.9% respectively). The volatility measured at the standard deviation of expected share price returns is based on the statistical analysis of monthly share prices over the past three years.

For the Financial Year Ended 30 June 2016

Capital reserves of associated and joint venture companies arise from currency translation and other reserves which are not distributable.

The total number of treasury shares held by the Company as at 30 June 2016 was 21,418,100 (2015: 13,379,900). The Company reissued 1,720,700 (2015: 2,098,000) treasury shares during the financial year pursuant to the Wing Tai PSP, Wing Tai RSP and share options. The purchase cost of the treasury shares reissued amounted to \$2.5 million (2015: \$2.4 million). The total consideration for the treasury shares reissued which comprised the value of employee services amounted to \$2.2 million (2015: \$2.1 million).

For the Financial Year Ended 30 June 2016

29. RETAINED EARNINGS

- (a) Retained earnings of the Group are distributable except for accumulated retained earnings of associated and joint venture companies amounting to \$1,013.1 million (2015: \$947.7 million) and the amount of \$32.5 million (2015: \$19.6 million) utilised to purchase treasury shares. Retained earnings of the Company are distributable except for the amount of \$32.5 million (2015: \$19.6 million) utilised to purchase treasury shares.
- (b) Movement in retained earnings for the Company is as follows:

Company		
2016 \$′000	2015 \$'000	
496,154 26,651	472,161 71,260	
499,357	(47,267) ————— 496,154	
	2016 \$'000 496,154 26,651 (23,448)	

30. COMMITMENTS

(a) Capital commitments

Capital expenditures contracted for at the end of the reporting period but not recognised in the financial statements, excluding those relating to investments in associated and joint venture companies (Note 19), are as follows:

	Group	
	2016 \$'000	2015 \$'000
Commitments in respect of contracts placed	39,509	55,851

(b) Operating lease commitments – where the Group is a lessee

The Group leases office and retail units and warehouse space under non-cancellable operating lease agreements. The leases have varying terms, escalation clauses and renewal rights. The future minimum lease payables under non-cancellable operating leases contracted for at the end of the reporting period but not recognised as liabilities, are as follows:

	Group	
	2016 \$'000	2015 \$'000
Not later than one year	28,518	49,506
Between one and five years	20,390	46,281
	48,908	95,787

For the Financial Year Ended 30 June 2016

30. COMMITMENTS (continued)

(c) Operating lease commitments – where the Group is a lessor

The Group leases out office and retail units and serviced apartments under non-cancellable operating lease agreements. The leases have varying terms, escalation clauses and renewal rights. The future minimum lease receivables under non-cancellable operating leases contracted for at the end of the reporting period but not recognised as receivables, are as follows:

	Group		
	2016 \$'000	2015 \$'000	
Not later than one year	24,535	22,398	
Between one and five years	27,352	23,889	
Later than five years	-	88	
	51,887	46,375	

31. CONTINGENT LIABILITIES AND FINANCIAL GUARANTEES

The details and estimates of the maximum amounts of contingent liabilities and financial guarantees, excluding those relating to investments in associated and joint venture companies (Note 19), are as follows:

	Group		Company	
	2016	2015	2016	2015
	\$'000	\$'000	\$'000	\$'000
Financial guarantees issued to banks for credit facilities granted to: - subsidiary companies - joint venture companies	-	-	106,723	109,228
	19,691	19,935	8,280	8,280
	19,691	19,935	115,003	117,508

The Company has given financial guarantees for all liabilities incurred under a tender bond facility of a subsidiary company amounting to \$15.0 million (2015: \$15.0 million) granted by a bank to the subsidiary company.

32. FINANCIAL RISK MANAGEMENT

Financial risk factors

The Group's activities expose it to market risk (including currency risk and interest rate risk), credit risk and liquidity risk. The Group's overall risk management strategy seeks to minimise any adverse effects from the unpredictability of financial markets on the Group's financial performance. After identifying and evaluating its exposure to the financial risks, the Group establishes policies to monitor and manage these risks in accordance with its risk management philosophy. The Group uses financial instruments such as currency forwards, cross currency swaps, interest rate swaps and foreign currency borrowings to hedge certain financial risk exposures.

For the Financial Year Ended 30 June 2016

32. FINANCIAL RISK MANAGEMENT (continued)

(a) Market risk

(i) Currency risk

The Group operates in Asia with dominant operations in Singapore, Malaysia, the People's Republic of China and Hong Kong SAR. Entities in the Group may transact in currencies other than their respective functional currencies. Currency risk arises within entities in the Group when transactions are denominated in foreign currencies. To manage the currency exposure, the Group enters into currency forwards and cross currency swaps with banks.

The Group also holds long-term overseas investments and its net assets are exposed to currency translation risk. The Group enters into cross currency swaps and uses natural hedging opportunities, like borrowing in the currency of the country in which these investments are located whenever practicable. The exchange differences arising from such translations are captured under the currency translation reserve. These currency translation differences are reviewed and monitored on a regular basis.

The Group's and the Company's currency exposure are as follows:

For the Financial Year Ended 30 June 2016

32. FINANCIAL RISK MANAGEMENT (continued)

(a) Market risk (continued)

(ii) Cash flow and fair value interest rate risks

Cash flow interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Fair value interest rate risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market interest rates.

The Group's and the Company's exposure to cash flow interest rate risks arises mainly from floating rate borrowings. The Group manages these cash flow interest rate risks by maintaining a prudent mix of fixed and floating rate borrowings and using floating-to-fixed interest rate swaps.

The Group's borrowings at floating rates on which effective hedges have not been entered into are denominated mainly in SGD and RM. If the SGD and RM interest rates increase/decrease by 1% (2015: 1%) with all other variables being held constant, the profit before income tax would have been lower/higher by \$5.5 million (2015: \$5.5 million) as a result of higher/lower interest expense on these borrowings. Other comprehensive income would have been higher/lower by \$1.5 million (2015: \$6.2 million) as a result of higher/lower fair value of interest rate swaps designated as cash flow hedges of floating rate borrowings.

The Company's borrowings at floating rates on which effective hedges have not been entered into are denominated in SGD. If the SGD interest rate increases/decreases by 1% (2015: 1%) with all other variables being held constant, the profit before income tax would have been lower/higher by \$1.8 million (2015: \$1.3 million) as a result of higher/lower interest expense on these borrowings. Other comprehensive income would have been higher/lower by \$1.1 million (2015: \$5.3 million) as a result of higher/lower fair value of interest rate swaps designated as cash flow hedges of floating rate borrowings.

(b) Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Group. The major classes of financial assets of the Group and of the Company are bank deposits and trade and other receivables. The Group has no significant concentration of credit risk with any single entity. The Group has policies in place to ensure that the sale of goods and the rendering of services are to customers with acceptable credit standing. Derivative counterparties and cash transactions are limited to high credit quality financial institutions. The Group has policies that limit the amount of credit exposure to any financial institution.

As the Group and the Company do not hold any collateral, the maximum exposure to credit risk for each class of financial instruments is the carrying amount of that class of financial instruments presented on the statements of financial position and disclosed in Note 31.

The credit risk for trade receivables is as follows:

	Group		
	2016 \$'000	2015 \$'000	
By business segments			
Development properties	26,306	12,739	
Investment properties	368	718	
Retail	2,930	2,234	
Others	1,013	1,507	
	30,617	17,198	

For the Financial Year Ended 30 June 2016

32. FINANCIAL RISK MANAGEMENT (continued)

(b) Credit risk (continued)

- (i) Financial assets that are neither past due nor impaired Bank deposits that are neither past due nor impaired are mainly deposits with banks with high credit-ratings assigned by international credit-rating agencies. Trade and other receivables that are neither past due nor impaired are substantially due from companies with a good collection track record with the Group.
- (ii) Financial assets that are past due and/or impaired
 There is no other class of financial assets that is past due and/or impaired except for trade and other receivables.

The age analysis of trade receivables past due but not impaired is as follows:

	Group		
	2016 \$'000	2015 \$'000	
Past due less than 3 months	493	2,026	
Past due 3 to 6 months	19	257	
Past due over 6 months	313	551	
	825	2,834	

The carrying amount of trade and other receivables individually determined to be impaired and the movement in the related allowance for impairment are as follows:

	Group		Com	npany
	2016 \$'000	2015 \$'000	2016 \$'000	2015 \$'000
Gross amount Less: Allowance for impairment	332 (332)	321 (321)	508,877 (273,176)	467,343 (244,207)
	-	-	235,701	223,136
Beginning of financial year Allowance made Allowance utilised Currency translation differences	321 31 - (20)	410 23 (84) (28)	244,207 28,969 - -	229,219 28,893 (13,905)
End of financial year	332	321	273,176	244,207

The impaired trade and other receivables of the Group and the Company arose mainly from loans to joint venture and subsidiary companies for which recoverability is uncertain.

For the Financial Year Ended 30 June 2016

32. FINANCIAL RISK MANAGEMENT (continued)

(c) Liquidity risk

The Group actively manages its debt maturity profile, operating cash flows and availability of funding so as to ensure that all refinancing, repayment and funding needs are met. The Group adopts prudent liquidity risk management by maintaining sufficient cash and the availability of funding through an adequate amount of committed credit facilities. The Group raises committed funding from both capital markets and financial institutions and prudently balances its portfolio with short term funding so as to achieve overall cost effectiveness.

The table below analyses the maturity profile of the Group's and the Company's financial liabilities (including derivative financial liabilities) based on contractual undiscounted cash flows. Balances due within 12 months equal their carrying amounts as the impact of discounting is not significant.

	123,563	28,350	387,779	464,920

In addition to the above, the Group and the Company issued financial guarantees of \$19.7 million (2015: \$19.9 million) and \$115.0 million (2015: \$117.5 million) respectively (Note 31).

(d) Capital risk

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern and to maintain an optimal capital structure so as to maximise shareholder value. In order to maintain or achieve an optimal capital structure, the Group may adjust the amount of dividend payment, return capital to shareholders, issue new shares, buy back issued shares, obtain new borrowings or reduce borrowings.

Management monitors capital based on debt-equity ratio. The debt-equity ratio is calculated as net debt divided by shareholders' equity. Net debt is calculated as borrowings less cash and cash equivalents.

	Group		Co	Company	
	2016 \$'000	2015 \$'000	2016 \$'000	2015 \$'000	
Borrowings Less: Cash and cash equivalents	1,376,506 (722,883)	1,191,359 (880,611)	927,838 (335,091)	737,796 (463,078)	
Net debt	653,623	310,748	592,747	274,718	
Shareholders' equity	3,122,709	3,173,169	1,316,474	1,328,716	
Debt-equity ratio	21%	10%	45%	21%	

The Group and the Company are required by the banks to maintain a certain level of the debt-equity ratio. The Group and the Company are in compliance with all externally imposed capital requirements for the financial years ended 30 June 2016 and 2015.

For the Financial Year Ended 30 June 2016

32. FINANCIAL RISK MANAGEMENT (continued)

(e) Fair value measurements

- (i) Fair value measurement hierarchy
 The following table presents assets and liabilities measured at fair value and classified by level of the following fair value measurement hierarchy:
 - (a) quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1);
 - (b) inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) (Level 2); and
 - (c) inputs for the asset or liability that are not based on observable market data (unobservable inputs) (Level 3).

For the Financial Year Ended 30 June 2016

32. FINANCIAL RISK MANAGEMENT (continued)

(e) Fair value measurements (continued)

(ii) Level 2 fair value measurements

The fair value of interest rate and cross currency swaps is calculated as the present value of the estimated future cash flows discounted at actively quoted interest and forward exchange rates. The fair value of currency forwards is determined using actively quoted forward exchange rates at the end of the reporting period. These instruments are classified as Level 2 and comprise derivative financial instruments.

(iii) Level 3 fair value measurements

(a) Valuation techniques and inputs used in Level 3 fair value measurements The following table presents the valuation techniques and key inputs used to determine the fair values of investment properties and freehold and leasehold land and buildings classified as property, plant and equipment that are categorised under Level 3 of the fair value measurement hierarchy which involves significant unobservable inputs.

Туре	Valuation techniques	Significant unobservable inputs	Range of significant unobservable inputs	Relationship of significant unobservable inputs to fair value
Commercial buildings, serviced apartments, condominium housing and shop offices in	Direct Comparison Approach	Market value per square metre	\$377 - \$20,939	The higher the adjusted valuation, the higher the fair value
Singapore, Malaysia and the People's Republic of China	Capitalisation Approach	Estimated rental rate per square metre per month	\$95 - \$108	The higher the rental rate, the higher the fair value
		Capitalisation rate	4.25% - 4.35%	The higher the capitalisation rate, the lower the fair value

There were no significant inter-relationships between the significant unobservable inputs.

(b) Valuation processes of the Group

The Group engages external, independent and qualified valuers to determine the fair values of the Group's investment properties and freehold and leasehold land and buildings classified as property, plant and equipment based on the properties' highest and best use using the Direct Comparison Approach and/or the Capitalisation Approach.

The Direct Comparison Approach involves the analysis of comparable sales of similar properties and adjusting the sale prices to that reflective of the properties. The Capitalisation Approach capitalises an income stream into a present value using revenue multipliers or single-year capitalisation rates.

For the Financial Year Ended 30 June 2016

32. FINANCIAL RISK MANAGEMENT (continued)

(f) Financial instruments by category

The carrying amount of the different categories of financial instruments is as disclosed on the face of the statements of financial position and in Notes 11 and 17 to the financial statements, except for the following:

	Group		Co	Company	
	2016	2015	2016	2015	
	\$'000	\$'000	\$'000	\$'000	
Loans and receivables	997,100	1,325,491	1,653,648	1,190,807	
Financial liabilities at amortised cost	1,539,037	1,410,127	1,021,762	831,905	

33. RELATED PARTY TRANSACTIONS

In addition to the information disclosed elsewhere in the financial statements, the following significant transactions took place between the Group and related parties during the financial year at terms agreed between the parties:

(a) Sale of goods and rendering of services

	Gre	oup
	2016 \$'000	2015 \$'000
Commission income received from a joint venture company	861	1,418
Management and service fees received from joint venture companies	4,186	4,838
Management fees paid to an associated company	702	414
Payments on behalf of joint venture companies	5,443	5,845

(b) Key management personnel compensation

	Gr	oup
	2016 \$′000	2015 \$'000
Salaries and other short term employee benefits	8,516	9,435
Share-based payment	707	951
	9,223	10,386

Included in the above is compensation to directors of the Company which amounted to \$5.5 million (2015: \$5.6 million).

For the Financial Year Ended 30 June 2016

34. SEGMENT INFORMATION

The Group is organised into three main business segments - development properties, investment properties and retail. Other operations of the Group comprise mainly garment manufacturing and investment holding, neither of which constitutes a separately reportable segment. The segment information for the reportable segments is as follows:

	Development properties	Investment properties	Retail	Others	Group
2016	\$'000	\$'000	\$'000	\$'000	\$'000

36. NEW OR REVISED ACCOUNTING STANDARDS AND INTERPRETATIONS

Below are the mandatory standards, amendments and interpretations to existing standards that have been published, and are relevant for the Group's accounting periods beginning on or after 1 July 2016 or later periods and which the Group has not early adopted:

(a) FRS 110 Consolidated Financial Statements and FRS 28 Investments in Associated and Joint Venture Companies (effective for annual periods beginning on or after 1 January 2016) These amendments address an inconsistency between FRS 110 and FRS 28 in the sale or contribution of

These amendments address an inconsistency between FRS 110 and FRS 28 in the sale or contribution of assets between an investor and its associated or joint venture company. A full gain or loss is recognised when a transaction involves a business. A partial gain or loss is recognised when a transaction involves assets that do not constitute a business, even if those assets are in a subsidiary company. The Group is in the process of assessing the potential impact of FRS 110 and 28 on the financial statements.

(b) FRS 1 Presentation of Financial Statements (effective for annual periods beginning on or after 1 January 2016)

This amendment clarifies guidance in FRS 1 on materiality and aggregation, the presentation of subtotals, the structure of financial statements and the disclosure of accounting policies. This amendment is not expected to have any significant impact on the financial statements of the Group.

(c) FRS 115 Revenue from Contracts with Customers (effective for annual periods beginning on or after 1 January 2018)

This is the converged standard on revenue recognition. It replaces FRS 11 Construction Contracts, FRS 18 Revenue, and related interpretations. Revenue is recognised when a customer obtains control of a good or service. A customer obtains control when it has the ability to direct the use of and obtain the benefits from the good or service. The core principle of FRS 115 is that an entity recognises revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. FRS 115 also includes a cohesive set of disclosure requirements that will result in an entity providing users of financial statements with comprehensive information about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers. The Group is in the process of assessing the potential impact of FRS 115 on the financial statements.

(d) FRS 109 Financial Instruments (effective for annual periods beginning on or after 1 January 2018)
The complete version of FRS 109 replaces most of the guidance in FRS 39 Financial Instruments:
Recognition and Measurement. FRS 109 retains but simplifies the mixed measurement model and establishes three primary measurement categories for financial assets: amortised cost, fair value through other comprehensive income ("OCI") and fair value through profit or loss. The basis of classification depends on the entity's business model and the contractual cash flow characteristics of the financial asset. Investments in equity instruments are required to be measured at fair value through profit or loss with the irrevocable option at inception to present changes in fair value in OCI. There is now a new expected credit losses model that replaces the incurred loss impairment model used in FRS 39.

For financial liabilities, there were no changes to classification and measurement except for the recognition of changes in own credit risk in OCI and for liabilities designated at fair value through profit or loss. FRS 109 relaxes the requirements for hedge effectiveness by replacing the bright line hedge effectiveness tests. It requires an economic relationship between the hedged item and the hedging instrument and for the 'hedged ratio' to be the same as the one management actually uses for risk management purposes. Contemporaneous documentation is still required but is different to that currently prepared under FRS 39. The Group is in the process of assessing the potential impact of FRS 109 on the financial statements.

For the Financial Year Ended 30 June 2016

36. NEW OR REVISED ACCOUNTING STANDARDS AND INTERPRETATIONS (continued)

(e) FRS 116 Leases (effective for annual periods beginning on or after 1 January 2019)

FRS 116 will affect primarily the accounting by lessees and will result in the recognition of almost all leases on the statement of financial position. The standard removes the current distinction between operating and financing leases and requires recognition of an asset (the right to use the leased item) and a financial liability to pay rentals for virtually all lease contracts. An optional exemption exists for short-term and low-value leases.

The income statement will also be affected because the total expense is typically higher in the earlier years of a lease and lower in later years. Additionally, operating expense will be replaced with interest and depreciation, so key metrics like EBIT will change.

Operating cash flows will be higher as cash payments for the principal portion of the lease liability are classified within financing activities. Only the part of the payments that reflects interest can continue to be presented as operating cash flows.

The accounting by lessors will not significantly change. Some differences may arise as a result of the new guidance on the definition of a lease. Under FRS 116, a contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

37. AUTHORISATION OF FINANCIAL STATEMENTS

These financial statements have been authorised for issue in accordance with a resolution of the Board of Directors on 15 September 2016.

A Winning Heritage

Story of Wing Tai Malaysia which began in a former rubber smokehouse in Green Lane, Penang.

During the 1960s, Singapore's textile and clothing export quota system drove Wing Tai's garment manufacturing expansion into Malaysia, to start Dragon and Phoenix Berhad on 8 July 1966.

From a modest garment factory in Penang, it grew rapidly to become ten factories in four other states within a decade, employing nearly 10,000 staff to produce 10 million pieces of garments each year. Known for its quality precision and standards, Wing Tai was producing high-end garments for leading global brands; at its peak it was the biggest producer of jeans in Asia, lauded the "King of Jeans".

Understanding that success is sustainable because of the value it creates, the Malaysian business grew in tandem with the economy to introduce technology and create employment. In its growth path it mirrored the strategic transformation of its Singapore holding company and soon diversified into high value sectors of real estate development, hospitality management and fashion retail.

A series of name changes reflected its evolving business and strengthened its alignment with the Wing Tai Asia group of companies.

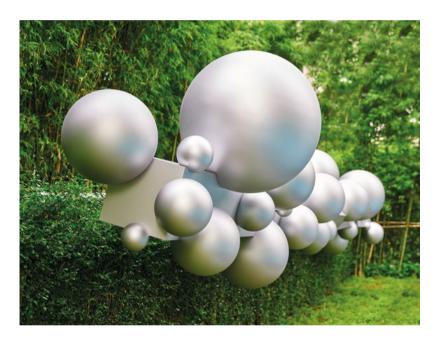

The company today has strong financial standing, with assets exceeding RM 1.9 billion. It has an extensive portfolio of landmark projects in Kuala Lumpur and Penang, and one of the top brand portfolios in the apparel industry in Malaysia.

The immense value that it brings to its property and retail projects ensues from its foundational ethos, driving an enduring commitment to upholding its core values and a time honoured heritage.

Wing Tai Malaysia Berhad marked its Golden Jubilee in July, to celebrate its persistent quest for value creation that has kept the enterprise growing.

Wing Tai Malaysia Berhad began its garment manufacturing business in a former rubber smokehouse in Green Lane, Penang.

Rhythm by Kohei Nawa. This work by Japan's foremost young artist was crafted of urethane coated aluminium. Drawing from Nawa's original Pixcell interpretation, this work creates the sensation of matter coming to life in the universe. The rectangular solid that serves as the axis rotates slightly, changing the angle of each cell and casting shadows. Cells of various sizes float in mid air, imparting order and rhythm to the space and expressing the universal flow of nature, life and time.

The front cover shows a façade design of the Le Nouvel Ardmore by Jean Nouvel, elevation illustration by Francis Theo of Urban Sketchers Singapore. Meticulous grid and vegetation patterns play on levels of transparency to create a symphony of infinite variations and sensations, presenting timeless artistry in architecture. The textural strokes of the Le Nouvel Ardmore are cohesively articulated by a resonant narrative of the special art commissions for the spaces within.

The art collection of the Le Nouvel Ardmore adds to the living experience in the development. The interplay of original touches reserves a specific, unique and rare quality to the development, emblematic of art within art.
